Three More Candidates To Run for County Offices Subject to August Primary

Upton for Sheriff; Deary and Brown For Supervisors

Three men this week have declared their intentions of running for county offices in the August primaries. They are C. E. Upton, Jr., who will run for the office of sheriff; Floyd T. Deary, for supervisor from the Lynnhaven District; and S. Paul Brown, for supervisor from the Seaboard District, a position to which he was appointed at the resignation of D. Y. Malbon in May.

Mr. Upton's statement follows: "It is my belief that law enforcement conditions in our county are such as to require improvement in the public interest." Mr. Upton said, "and if elected I propose to enforce the laws of the Commonwealth of Virginia and carry out the duties of the office of sheriff without fear or favor. I do not believe that several public offices should be filled by one person, and I propose to resign as a member of the County School Board in order to campaign for the office of sheriff."

"While I have formerly supported those who now hold the local county offices by election and will welcome support from any county voters, my candidacy has not been sought by the group now in office," he said. "I wish to make fully clear to the residents of Princess Anne County that I am seeking the office of sheriff as an independent and without the backing of the so-called organization."

Mr. Upton, who is a farmer living at Dam Neck, has resided in Princess Anne County since childhood. He is a member and steward of Nimmo Church; treasurer of the Church School; a member of the Princess Anne School Board; a supervisor of the Virginia Dare Soil Conservation program; a member and a director of the Princess Anne County Farm Bureau; and a member of the Princess Anne Rifle Club. He is married to a Princess Anne County girl, the former Madlyn Edmundson, and they have two sons.

For Supervisor making his announcement, Mr. Deary said he wanted it made clear that he is running as an independent candidate.

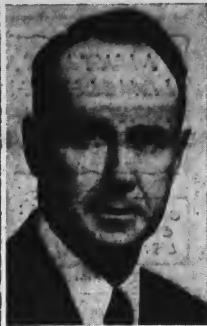

The position he seeks is now filled by Walter H. Maher, who has recently removed his residence to Virginia Beach proper, and is thought to be out of the running for next August.

Mr. Deary has lived in Princess Anne County since 1910. He makes his home at London Bridge, where he has had his own business, insurance agency and machine shop, since 1919. He has been a Justice of the Peace for 16 years. During the last war he was for a while director of civilian defense in the county.

He is married, the father of three grown sons, one of whom, Irving, was scheduled to report for Navy duty yesterday. The other sons, Floyd, Jr., and Charles Thomas, are associated with their father in the machine shop.

Mr. Brown has served as supervisor from the Seaboard District since the resignation in May of D. Y. Malbon. He is a farmer, and makes his home near London Bridge.

In announcing his intention of running for office in August, Mr. Brown asked that he, too, be labeled as an independent.

The speaker for the evening will be the Hon. Edward L. Breeden, Jr., State Senator from the City of Norfolk.

January 15 Set As Deadline for '50 ACP Reports

Chairman Reports Farmers Slow in Filing for Payment

January 15, 1951, is the last day for farmers to report practices carried out under the 1950 Agricultural Conservation Program. Reports made after that deadline will not be accepted as a basis for making cash conservation payments under the program.

That was the warning issued this week by R. W. Lane, chairman of the Princess Anne County Committee of the Production and Marketing Administration. He also noted that only 25 per cent of the county farmers had filed 1950 ACP reports with the local PMA office as of December 22. About 300 Princess Anne farmers participated under the program during the past year.

Mr. Lane said that the January 15 deadline was set to permit the PMA County Committee to make final disbursement of all 1950 ACP funds allocated to the county. It also enables the Treasury Department to get out checks to farmers before the annual rush period at income tax time.

Not all farmers participating under the program receive cash payments, the chairman noted. A large number have already received assistance in the form of lime and seed through purchase orders issued by PMA. Nevertheless, Mr. Lane explained, farmers must report the use they have made of conservation materials advanced by PMA. Farmers whose total conservation assistance under the program amounts to less than \$200 will also receive cash "small payment increases" as under previous programs.

At the same time, 1950 ACP performance is reported, Mr. Lane said farmers may also complete farm worksheets to indicate the practices which they intend to carry out under the 1951 Agricultural Conservation Program.

Four of Beach's Night Spots Get Police Scrutiny

Police Stationed in Each Club; All Close Doors Second Night

Town Manager W. Russell Hatchett and Chief of Police Reeves E. Johnson have launched an all-out attack as of Monday night on "undesirable" night clubs at Virginia Beach when they ordered two police stationed in each of four clubs then open.

Policemen will be there every night until the clubs close. Town Manager Hatchett said, "The patrolmen are not there just to watch, they are there just to give orders to make arrests for any violations."

One person present at a club when the patrolmen first made their appearance overheard a manager ask, "How long is this for?"

The officer answered, "This is for good. That's what the man says."

The patrolmen were stationed in the Melody Inn on 31st Street; the Cabana Club, 17th Street and Atlantic Avenue; the Two O'clock Club, Atlantic Avenue between 15th and 16th Streets; and the Colonial Club at 18th Street and Mediterranean Avenue.

Mr. Hatchett said that he intends to keep the police watch "indefinitely . . . into the summer if necessary."

"These undesirable places must be closed," he said.

He revealed that soon after taking office he had called on the State police to help the town put down overt and flagrant violations.

On returning Tuesday night, police found neon signs darkened, all the front blinds rolled down, and the front doors closed tightly. The same condition greeted the officers again on subsequent nights.

Chief of Police Johnson said that although the clubs appeared to be closed tight, his policemen were "on the alert" and planned to "keep after the four clubs" until it could be definitely established that they actually were closed.

Apparently this move by Mr. Hatchett has nothing to do with instructions issued by Circuit Court Judge Floyd E. Kellam at the conclusion of the special grand jury hearing last July to "police trouble spots to death." Mr. Hatchett declared his own war on the resort night spots in October when he assumed the town managership.

Jaycees to Make First Citizen Award January 23

A citation to the First Citizen of Princess Anne County and Virginia Beach will be made January 23 by the Virginia Beach-Princess Anne County Junior Chamber of Commerce, John Doyle, Jr., chairman, announced this week.

The Jaycees plan to make the award an annual affair to honor the citizen who has rendered the most unselfish and outstanding service to his community during the year, from either a civic, social, educational, religious, charitable or industrial standpoint, Mr. Doyle said.

By service, he explained that the Jaycees mean it should be "unselfish and unremunerative" and entirely separate from the candidate's business or profession.

The nominations must be received by the committee on or before Wednesday, January 10, Mr. Doyle said.

\$2,500,000 Program In Progress Scheduled For Completion March 1

Junior Women to Present Beach Follies March 7-8

The "Beach Follies," one of the looked-for events of the spring at Virginia Beach, will be presented for the fourth successive year by the Junior Women's Club of Princess Anne County, according to Mrs. W. W. Connell, general chairman. Mrs. Joseph LaGiglia will serve as vice chairman.

Charles Conklin, of the Cargill Production Company, director of the first Follies given by the club, will return this year, Mrs. Connell said. Jay Rogers, advance business agent for the company, met with committee chairman December 14 at the Ivanhoe Hotel.

Committees and the chairmen are as follows:

Patrons: Mrs. William F. Kellam; ushers: Mrs. Robert Addenbrook; properties: Mrs. S. J. Perdue; program: Mrs. R. Lynn Kennett; cabaret: Mrs. Murray Malbon; make-up: Mrs. Andy Moore; costumes: Mrs. E. R. Harden, III; tickets: Mrs. Edgar Cayce; finance: Mrs. J. Goodenow Tyler; talent: Mrs. A. S. King, Jr.; and publicity: Mrs. Tom Rose.

Kempsville 4-H Club Sets Record For Xmas Cheer

County Agent and Club's Sponsor Praise Spirit of Members

The Kempsville Senior 4-H Club, consisting of 152 members, decided that in 1950 they wanted to show some real Christmas spirit by brightening homes where the chance of Christmas spirit was very low.

The Kempsville Senior Club appointed Marie Dozier, Barbara Edwards, Ruth Metzel and Bonnie Young as a committee to collect articles to give to unfortunate people. This committee called on the membership to bring in such articles as usable clothes, toys, food and money, and the entire membership responded 100 per cent. The classroom of Mrs. Louise Lee, sponsor of the club, was almost completely filled. Gifts consisted of 12 winter coats, 5 men's and boys' suits, 16 ladies or misses suits, 35 sweaters, 25 pairs of shoes, 4 boys' winter jackets, 50 shirts, 2 rain coats, 10 blouses, 30 children's dresses, 20 men's slacks, 20 ladies dresses, and 100 or more miscellaneous wearing articles. In addition to the clothing, approximately \$40.00 worth of food was collected, \$30.00 worth of toys and about \$20.00 in money.

All of the above articles brought in by the club members were wrapped in Christmas packages and delivered by a committee of boys consisting of Johnny Manby, Merrell Barrett, Lawrence Wickes, and Donald Reed, to three destitute families in the Kempsville community. In addition to supplying the three families, one load of toys was taken to the fire station at Virginia Beach to be repaired and painted, and \$10.00 in money was sent to the Norfolk City Joy Fund.

H. W. Odlin, county agent, says he believes this is an outstanding record for any 4-H Club in the State in showing their good will toward their fellow man.

Mrs. Louise Lee, club sponsor, was loud in her praise of the way the members responded, and the action is most gratifying to the Extension agents.

Captain Quilter Says Personnel to Come Not Yet Known

Approximately \$10,000,000 for improvements to the Naval Auxiliary Air Station at Oceana is included in the 1951 second supplemental appropriation for the Bureau of Aeronautics, according to an announcement by Captain J. F. Quilter, commanding officer. This will mean another phase in the development of NAAS Oceana into a master jet field.

A \$2,500,000 program is now in progress at Oceana for runway improvement work. This entails extension and resurfacing of two runways to accommodate heavier and higher performance aircraft, plus an extensive drainage project. Completion date of the program has been set for March 1, and will be met, weather permitting. The work is on schedule or ahead at present date.

The new program will result in paralleling the two runways now being worked on with new runways, the construction of a new control tower and hangar, a new heating plant, and necessary water, sewage and electric distribution systems.

In the development of the expanded station, it is planned to construct new facilities in the area to the southwest of the present buildings and runways. This will result in the newer portion of the field, with attendant noise of aircraft, being farther removed from the town of Oceana. It is not contemplated that any land acquisition north of the Norfolk Southern Railway tracks will occur. Ninety acres of land in the area south of the field has recently been secured.

Likewise, the new fuel storage will be located remote from the present built up area of Oceana in the western part of the air station.

Another improvement proposed for Oceana is the provision of various radio aids to navigation, particularly to assist jet aircraft in operating from the field. These aids will consist in part of a standard radio range and homer and a ground controlled approach system.

In conformity with the other air fields in the Tidewater area, and as dictated by the prevailing winds, runway "5," that oriented to the northeast, will be the "instrument" or master runway.

Contemplated in the \$10,000,000 program are the following items:

Think farm, dual runways, packing and taxi area, clearing and grubbing, grading, drainage, runway and taxiway lighting, obstruction lighting, hangar, control tower, parachute loft, radio towers and transmitter building, electric distributor system, heating plant, water supply system, sewage disposal plant.

Captain Quilter said that the numerical increase of personnel at Oceana after the present construction is completed has not yet been determined, and will, of course, depend upon developments in the war situation as well as other factors.

CIVILIAN DEFENSE

You can survive the atom bomb; you can live through an atom bomb raid and you won't have to have a Geiger counter, protective clothing, or special training in order to do it.

The secrets of survival are, according to the U. S. Government's booklet "Survival Under Atomic Attack": Know the bomb's true dangers; know the steps you can take to escape them.

While obviously Virginia Beach and the county are not on any enemy's list for bombing, nevertheless the area is a part of the South Hampton Roads area, designated as one of five possible targets in Virginia if and when an atomic attack is made.

Since panic and ignorance of what to do to survive is of more danger than any other factors when the victim is removed from the actual center of the explosion by more than a mile to a mile-and-a-half, it is well for the individual to have a knowledge of the actual effects of the bombing.

The booklet put out by the Government explains in simple language exactly what your chances are; takes much of the mystery and terror out of the word "radioactivity"; and tells its readers not to be misled by wild talk of "super-super" bombs.

Because the News believes that to know is the first step in being prepared, and will remove much of the fear and needless panic associated with the thought of atomic warfare, we plan to publish each week excerpts from the Government pamphlet.

Read them carefully, remember them, and think about them. Think about them in connection with your own home, and your own family. Pay heed to what our Civilian Defense authorities are saying and doing.

POLICING THEM TO DEATH?

The orders of Town Manager Russell Hatchett and Chief of Police Reeves E. Johnson to post police at the four night clubs on Virginia Beach that were open on New Year's night, momentarily have brought about the desired results. The places are closed, and Town Manager Hatchett says that the police will remain on guard against their reopening and will return to their posts within the clubs, to stay "indefinitely" . . . even into the summer if necessary.

The objective was stated in the first days of Mr. Hatchett's incumbency when he declared open warfare upon these undesirable places. Realizing, as he did, that open defiance of the law and laxness of law enforcement created spots which spawned crime and prostitution, he was determined to rid the Beach of their evil influence.

We must wait and see the outcome. Although the four are closed at the present, it works little hardship at a season, normally slow for such business, made especially slow by the absence of service personnel for the time being. The time to tell will be when Navy personnel and the tourists return. Will these clubs remain closed then?

Town Manager Hatchett also made it clear that his efforts to free the Beach of the insidious clubs was not a part of the program as bravely called for by Judge Floyd E. Kellam when he said subsequent to the Grand Jury's report last summer "Police these trouble spots to death," or words to that effect.

The county has apparently made no effort to see that the Judge's orders were carried out; from the looks of things it would seem to be just as apparent that the Judge himself has forgotten his ringing oratory.

The trouble spots in Princess Anne County continue to exist. The law setup of Princess Anne County, its chief officer, the Commonwealth's Attorney, and the Court, to judge by the evidence, have forgotten the whole thing, believing innocently that when the Judge said "Naughty! Naughty!" that was all there was to be done.

THANKS GIVEN FOR HELP IN RAISING JOY FUND

December 29, 1950

Virginia Beach News

Gentlemen: The officers of the Virginia Beach and Princess Anne County Joy Fund wish to thank all those who by special effort made the fund a success by their cooperation in assisting in every way possible to bring cheer and happiness to all children of unfortunate families in our vicinity.

We wish to say that without the assistance and help of everyone who gave so freely of their time

and property there would have been many a family and many small children who would not have seen Santa on Christmas morning.

We wish to extend our thanks to the several good women of our town and county for their splendid help in the distribution of toys, clothing, shoes, etc., which were donated by the people of the community. The toys were completely overhauled by the firemen, and the job was a complete one.

The ladies who so efficiently helped in the Joy Fund headquarters were Mrs. Stellan Kraus, Mrs. A. O. Parker, Mrs. John Bradburn, Miss Beanie Salmon, Miss Rachel Hildebrandt, Miss Evelyn R. Daughtry, and Miss Olive F. Daughtry.

Again thanking each and every one of you for your unselfish efforts in making this Joy Fund a success.

With best wishes for a happy and prosperous New Year, 1951.

Survival Under Atomic Attack

(Editor's Note: The information below is taken from the U. S. Government publication "Survival Under Atomic Attack." Other excerpts will follow each week.)

FIVE KEYS TO HOUSEHOLD SAFETY

1. STRIVE FOR "FIREPROOF HOUSEKEEPING"

Don't let trash pile up, and keep waste paper in covered containers. When an alert sounds, do all you can to eliminate sparks by shutting off the oil burner and covering all open flames.

2. KNOW YOUR OWN HOME

Know which is the safest part of your cellar, learn how to turn off your oil burner and what to do about utilities.

3. HAVE EMERGENCY EQUIPMENT AND SUPPLIES HANDY

Always have a good flashlight, a radio, first-aid equipment and a supply of canned goods in the house.

4. CLOSE ALL WINDOWS AND DOORS AND DRAW THE BLINDS

If you have time when an alert sounds, close the house up tight in order to keep out fire sparks and radio-active dusts and to lessen the chances of being cut by flying glass. Keep the house closed until all danger is past.

5. USE THE TELEPHONE ONLY FOR TRUE EMERGENCIES

Do not use the phone unless absolutely necessary. Leave the lines open for real emergency traffic.

Dr. Glenn Clark Asks Prayer Army To Pray for Peace

Dr. Glenn Clark, noted author and religious leader, who will be at Virginia Beach January 21-24, has asked for an army of 300,000 to pray for peace.

"The war looms. As a matter of fact we are already in it," Dr. Clark says. "All our economic savings and all the cream of our young manhood are being conscripted for it; all our political speeches take their cue from it; in short, all the power of our nation is being funnelled into one thing—the preparation for a war that to most people seems inevitable."

"And it is inevitable unless this army to pray for peace takes this message seriously and does something about it. At present the initiative in world events is entirely in Russia's hands. The Communists have perfected a technique of forging poverty and insecurity into a weapon of aggression wherever they please. Without expending anything but a little equipment and a few military advisors they can stir up a war on any front where human misery opens the way. Thus, while their satellites are bleeding our armies white and our own taxation system is bleeding our economic resources, Russia is biding her time behind the Iron Curtain."

"The way for us to take over the initiative is:

"1. To understand the social dynamics and ferment that stir the exploited and oppressed."
"2. Set aside one billion dollars for world construction for every ten billion we set aside for world destruction."
"3. And most important of all—see that the men who allocate and distribute this fund are filled with the spirit of world brotherhood and are undergirded with love and prayer."

"Let us start with ourselves. We need a world upheaval. Read 'What Would Jesus Do' and if you like it pray that millions read it and become stirred by it. In this book Charles Maxwell cites four revolutions that the world is going through today and insists that the only way to save the world is for the churches to start a fifth revolution—a spiritual one."

Navy Announces Regulation Change For Enlistment

In another move to further strengthen the manpower situation in the United States Navy, the Navy has announced that it has modified existing enlistment regulations so that candidates with one dependent may enlist in the two lowest pay grades (seaman recruit and seaman apprentice). The pay grade of seaman recruit is the pay grade in which men who have had no previous military service are enlisted in the Navy.

Chief Petty Officer Julian A. Forbes, recruiter in charge of the local U. S. Navy Recruiting Station, stated that old requirements forbade enlistments in pay grades below petty officer if the candidates had any dependents. Several weeks ago this requirement was liberalized to permit certain candidates with prior military service and with dependents to enlist in the third pay grade (seaman).

Chief Forbes also announced that the Navy has revised downward the percentage score required for a passing mark on the Armed Forces Qualification Test.

All candidates for enlistment in any branch of the armed forces must take this test, and this new lower percentage score required of candidates for the Navy makes possible the enlistment of men in some cases who had previously failed the AFQT.

Safe Walking Rules Being Stressed in Tidewater Schools

Crossing streets at intersections, one of the most important safe walking rules, will be the subject emphasized in Tidewater schools this month as suggested to teachers by the Tidewater Automobile Association in cooperation with the American Automobile Association, John B. Dey, TAA vice president, announces.

In making the announcement, Mr. Dey stressed the necessity for both adults and children protecting their own safety by crossing streets only at corners.

"Statistics show that over 55 per cent of pedestrians killed in urban areas were crossing streets between intersections, coming from behind parked cars, or walking in the roadway," Mr. Dey said.

"To all pedestrians who try to save a little time by crossing streets in mid-block rather than walking to the intersection, let me point out that some 5,000 pedestrians who were killed crossing between intersections last year also thought they would save time," Mr. Dey emphasized.

Through AAA posters and lesson guides provided by the Tidewater Automobile Association, teachers will discuss with children why they should cross streets only at corners.

The poster which will be used for the "Cross Only at Corners" campaign is one of the ten first-prize winners in the 6th National Safety Poster Contest, conducted by the AAA and affiliated Automobile Clubs. It was drawn by Eloise Fisher, Addison Junior High School, Cleveland, Ohio.

Chief Forbes requested that men who have previously failed the qualification test revisit the local Navy Recruiting Station in order that another test may be administered.

Bay Colony Garden Club Studies Plans For Beautification

Mrs. E. H. Renn was hostess to the Bay Colony Garden Club at its meeting Wednesday. Mrs. C. T. Dickson presided in the absence of the president, Mrs. George T. Mullen.

Mrs. R. Lee Bonney, Mrs. A. J. Conant, and Mrs. Renn were appointed to serve on a nominating committee, and will present their recommendations to the club. Plans for beautifying the en-

trance-way to Bay Colony were discussed. Mrs. Gilmore Tibbels was appointed chairman of a committee to consider beautification, and Mrs. O. S. Jordan, Mrs. E. C. Van Bunkirk, Mrs. Hunter Phelan, and Mrs. William Bruce were named to serve with Mrs. Tibbels.

The February meeting will be held at the home of Mrs. Hugh Meredith; the co-hostess to be announced later. Mrs. J. E. Adenbrook will speak on "Organic Gardening." All members are asked to bring a Valentine arrangement.

Community House Returns to Schedule After Holidays

We are back to our normal schedule now that the Christmas holidays are over. It was indeed a pleasure to see some forty of our former members here from colleges and camps. Everything possible was made to make their stay enjoyable, with several dances being held for their enjoyment.

The daily attendance at the Community House over the holidays was the largest since our opening in 1948.

We take this opportunity to wish all of our readers a happy and prosperous New Year.

Respectfully,
Wm. H. Fantone, Director

Members Win Fruit Cakes

Miss Eleanor Cartwright and Miss Dora Holland were winners of two five-pound fruit cakes on December 23. They were made available by the Delta Theta Phi and Chi Sigma sorority.

Sorority Dance Big Success

Delta Theta Phi and Chi Sigma sororities held their annual Christmas Dance at the Waverly Hotel on December 30. The dance was a big success. About 80 members and guests were present. The room was nicely decorated and was dimly lighted. Mr. and Mrs. George Marshall were chaperones. The managers of the hotel complimented the girls and their dates on their fine behavior.

Snoop and Scoop

Who is this "Joe Blow" we are hearing so much about, Joan? We hear that Joan and Margaret Ann had a good time at the Casino Sunday night.

We hear Tex is going to Lynchburg! What can you find up there that isn't down here?

We sure do wish Edgar and Lillian Bell would make up their minds!

That certainly was a fine dance at the Waverly Saturday night. Everybody had a wonderful time. Most all the boys were home for the week-end. Bobby Rice, Paul, Coleman, Nicky Langston, Pat Neal and Sonny Davis helped brighten up the holidays.

That certainly is a pretty cashmere sweater Jane Williams received for Christmas!

Margaret Ann, who is this we see you walking down the street with nearly every Sunday, huh?

Helen Heyman certainly has it bad. Must be love, huh?

Eleonor, which one is it now?

Berry To Be Guest Speaker Monday at Cooke PTA Meeting

The W. T. Cooke School Parent-Teacher Association will hold its first meeting of the new year on Monday, January 8 in the school auditorium at 3 p.m. The executive board will meet at 2 p.m.

D. C. Berry, director of secondary education for the Norfolk school system, will be the guest speaker, according to Mrs. R. Lynn Kennett, program chairman. His subject will be "The Growth and Development of Children." Mr. Berry spoke recently at the Oceana Parent-Teacher Association and is being brought here by popular demand.

Mrs. Aubrey N. Holmes, president, urges all members and other persons interested to be present.

The Douglas fir is named in honor of David Douglas, a Scottish botanist who introduced it into Europe in 1827.

Eileen Lindsley Boush, Russell B. Davis Marry December 28

The marriage of Miss Eileen Lindsley Boush, daughter of Mr. and Mrs. George Webb Boush, of "Lane's End," Linkhorn Bay, Princess Anne County, to Russell Burnley Davis, of Lynnhaven, son of the late Mr. and Mrs. Joseph Eley Causey Davis, took place on Thursday, December 28, at 4:30 o'clock in the afternoon at the Eastern Shore Chapel, Oceana.

The ceremony was performed by the Rt. Rev. William A. Brown in the presence of relatives and friends. The chapel was decorated with lighted candles, holly, cedar, pine, magnolia leaves, white snapdragons and carnations. Mrs. Louis Cornick played the wedding music, and the vested choir of the chapel sang "O Perfect Love" and "The Lord Is My Shepherd." The bride was given in marriage by her father. She wore an 1800 period gown of candlelight, bridal satin, fashioned with a nylon tulle yoke with deep bertha of imported lace embroidered in seed pearls, fitted bodice, long sleeves and a full skirt that formed a long train. Her veil of imported illusion fell from a coronet of heirloom lace, and she carried a white prayer book showered with valley lilies and Fleur d'Amour.

Mrs. George Mallory Boush, of Columbus, Ohio, sister-in-law of the bride, was matron of honor, and the bridesmaid were Mrs. John Parks Tazewell, of Concord, Mass., and Mrs. Herbert Wheeler Young, of Williamsburg. They wore gowns of white nylon net and white lace mitts and single strands of pearls. The matron of honor carried a bouquet of mistletoe and holly tied with green velvet ribbon, and the bridesmaids carried bouquets of holly tied with red velvet ribbon.

Little Miss Katherine Ann Davis, of Lynnhaven, niece of the bridegroom, was flower girl. She wore a long dress of white ruffled nylon tulle, made with an off-the-shoulder neckline and carried a bouquet of mistletoe and narcissus tied with a narrow red velvet ribbon. All of the attendants wore bandeaux of holly in their hair.

Clayton Davis, of Lynnhaven, was best man for his brother, and the groomsmen were George Mallory Boush, of Columbus, Ohio, brother of the bride, and Julian Carl McLean, of Portsmouth.

The bride's mother wore a dress of gray-green lace over Nile green silk with a green velvet stole, green velvet hat and a corsage of Fleur d'Amour. Mrs. Louis Stoute Philhower, of Williamsburg, sister of the bridegroom, wore a gown of blue lace over matching faille, champagne accessories and a corsage of red camellias.

After the ceremony a reception was given at the home of the bride for the wedding party, relatives and out-of-town guests. Mr. and Mrs. Davis left for a northern wedding trip and upon their return will reside at Lynnhaven. The bride traveled in a fitted coat of black velvet over a velvet sult, mink scarf and a white orchid corsage.

Martin-East Vows Solemnized at Calilee Church December 27

The marriage of Miss Dolores Gayle Martin, daughter of Mrs. James Sidney Banks, of Virginia Beach, and John Peyton Martin, of Washington, D. C., to John Franklin East, III, son of Mr. and Mrs. John Franklin East, Jr., took place Wednesday evening at eight o'clock at the Calilee Episcopal Church. The Rev. Edmund Berkeley performed the ceremony in a setting of white snapdragons, chrysanthemums and gladioli. The wedding music was played by Mrs. George Aldridge.

The bride, who was given in marriage by her step-father, James Sidney Banks, wore a wedding gown of candlelight Chantilly lace and tulle fashioned with a lace bodice over satin designed with a portrait neckline and long lace sleeves ending in points over the hands. Her bouffant skirt of tulle had a scalloped edge redingote which formed a circular train. Her full length veil of imported illusion was arranged from Princess lace circlet fashioned into a cap and embroidered with pearls. She carried a round bouquet of stephanotis centered with a white orchid and edged with tufts of nylon. Mrs. Robert Parke Jones, Jr., was matron of honor. The bridesmaids were Miss Beverly Grayson Whitehurst and Miss Amine Forsberg, of Virginia Beach; Miss Emily Coy Sullivan, of Anderson, S. C., and Miss Leigh Williams, of Roanoke Rapids, N. C., and New York. The matron of honor wore a gown of poudre blue brocade designed with draped panniers, a tulle stole and a bouffant tulle skirt. She wore a bro-

cade Juliet cap and long blue gloves. Her flowers were a powder puff bouquet of violet and pink variegations edged with tufts of violet lace. The bridesmaids were dressed in poudre blue brocade and tulle with gowns made identical to that of the honor attendant. They wore matching headresses and gloves with tufts of violet lace.

John Franklin East, Jr., was best man for his son. The groomsmen were T. Roy Jarrett, David Stormont, Jr., Robert Schlegel and Robert Parke Jones, Jr.

Mrs. Banks, mother of the bride, wore a Greige silk taffeta gown embroidered with amethyst stones and seed pearls in a floral motif, long matching gauntlets and small calot of Greige and brown ostrich plumes. Her flowers were beige cymbidium orchids on a beige silk bag. Mrs. East, mother of the bridegroom, wore a Florentine blue crepe gown with a draped neckline and motif of silver paliettes and crystal bugle beads, the skirt forming a slight train. She wore a matching velvet calot and long white gloves and a corsage of white cymbidium orchids.

Immediately following the ceremony a reception was held in the ball room of the Cavalier Hotel. After a wedding trip to Washington, D. C., the couple will reside in Harrisburg, Pa. The bride traveled in a grey wool suit trimmed in black velvet with a grey hat and black accessories and grey Persian lamb coat. Her flowers were white cymbidium orchids.

Interesting History of Old Lighthouse at Cape Henry Found in 1929 Issue of News

(Editor's Note: In September, 1929, the Virginia Beach News printed an interesting article on the history of the Old Cape Henry Lighthouse written by J. F. Newsum, meteorologist in charge of the Cape Henry Weather Bureau Station. The occasion for the article was a bill before Congress, being sponsored by United States Senator Swann, which would grant funds for the restoration of the historic landmark.)

Few sections of the Old Dominion possess more of interest to the student of historical antiquities than Norfolk, Virginia, and its environs. The city itself, whose history is inseparable from that of the Colonies and the Commonwealth of Virginia, exhibits—in its old portion—on every hand colonial buildings and crooked, narrow streets, reminders of one of the oldest white settlements in America.

Leaving the city we pass through a country district unsurpassed for its fertility of soil and production of "garden truck," through farms where once stood the primeval forests of Virginia pine, where native Indians made their homes and hunted the game which was once plentiful, but is now almost extinct, driven like their savage hunters by the onward march of civilization. Portions of the old forests, however, still remain, laced by Indian paths here and there displaying the remains of Indian mounds and Revolutionary earthworks.

Crossing Lynnhaven Inlet, said to have been cut by pirates in order to gain an entrance to the chain of lakes, the landscape changes, the rich soil gives place to a sand waste and vegetation is scarce; the remarkable sand dunes—one of which is the largest in existence—appear before us and in a moment more we are in Cape Henry.

Spanish Come First

First to this point came the Spanish galleons of the adventurer Ayllon, who in 1535 beheld this wondrous stretch of water with the appreciative eyes of civilization, and here in 1607 the aboriginal Indians saw the little band of English land, plant their crude wooden cross—symbol of victory in a great under-taking and expressive of hope in the future of a nation—sail on through the entrance to the Chesapeake to cross the finest known natural harbor, Hampton Roads, destined nearly three centuries later to be the scene of the first battle of the ironclads, and sail up the James River to found the first permanent English settlement in America, the cradle of one of the most romantic types of civilization ever given by colonists to a new world.

Close upon the assurance of the permanency of the colony followed commerce and it was soon seen that ships entering the bay needed a guide at night, so it was decided to establish a signal light at Cape Henry. This was done by means of a bonfire of pine knots gathered from "The Desert," a short distance inland. This fire, which was kept up through the night by relays of men, was probably located on an eminence to the rear of the old light, known as Black Beard's Hill.

Pirates Extinguish Beacon
It was not long, however, before a further danger signal arose, for hardly had commercial trading commenced before piracy was well established as a natural consequence of the inadequate protection afforded the merchant vessels. The pirates, those wolves of the sea, would land at the Cape and kill or take captive the beacon light keepers, but out the signal fire and build one further down the coast or use the famous "Nag's Head" which was done by tying a torch to a horse which was driven up and down the beach, causing an ever changing signal. In either case ships were decoyed from their course and run aground to be plundered and have their crews killed by the pirates who were recruited nearby, and who then made off with their booty, which usually consisted of valuable supplies for the colonists. These frequent depredations caused the colonists such grave concern—not only because of the annoyance and constant menace to trade but also the loss of life and property—that a resolution was passed in 1727 by a committee of the whole of the House of Bur-

gesses to the effect that it was absolutely necessary that a light should be established at Cape Henry.

Nothing further was done, however, until 1752, when an act was passed resolving that "the erecting and maintaining a lighthouse at Cape Henry will greatly conduce to the safety and preservation of ships and other vessels coming into and going out of the Bay of Chesapeake," and for the support of the lighthouse a duty of two pence per ton on the burden of every ship coming into or going out of said Bay was levied. The assembly of Maryland participated in the enterprise by levying a similar tax. The act further called for the appointment of directors for the erection of the lighthouse. The following gentlemen were appointed for this duty: Honorables John Blair and Thomas Nelson, Esqs., Lunaford Lomax, the younger; John Newton, William Westwood, John Tabb, Littleton Eyre, Lemuel Riddick, Samuel Boush, Jacob Elligood, Jacob Walker and John Hunter. This lends weight to the tradition that a structure of some sort existed prior to the present old stone tower.

Put Tax on Ships

We find no further evidence, however, along this line until February 13, 1772, on which date a resolution was offered setting forth the necessity and advantages of a lighthouse at this point, and that the amount of money necessary might be secured by a small levy on the ships passing by and out of the capes. To this end, therefore, that a work of such use may be completed with all convenient speed, it was enacted that the Honorables William Nelson, Thomas Nelson and William Byrd, Esqs., and Severn Eyre, Joseph Hutchings, Thomas Newton, Jr., James Holt, Paul Loyall, John Hutchings, Matthew Phripp, and Thomas Reynolds Walker, Esqs., were appointed directors with power in conjunction with persons appointed by Maryland to build a lighthouse. The cost was not to exceed 6,000 pounds and a duty of 4 pence on the tonnage of vessels going in and coming out of the capes was levied to cover the cost of erection and a further duty of 1 penny half penny was levied for repairs. The act also prescribed the keeper's salary, duties, penalties for neglect and the method for ascertaining the tonnage of vessels. The keeper was also required to give security.

On March 13, 1773, this act was amended (the governor approving March 15) in the following particulars: The directors were empowered to purchase material to be conveyed to the place of erection. The duty of 4 pence is to cease after the 6,000 pounds are raised. Because of the death of some of the directors, John Page, Esq., Wilson Miles Corey, Henry Kins, Westwood and Anthony Low, Esqs. are added.

The Virginia Gazette of April 28, 1774 (Henry VIII 652) contained the following: Notice is hereby given that a number of vessels will be wanted this summer to bring about 6,000 tons of stone from Brooke's quarry on Rappahannock and land same at Cape Henry for the lighthouse, and person or persons inclinable to engage in such work are desired to treat with Matthew Phripp, Paul Loyall and Thomas Newton, Esq. The directors of the Legislature will be glad to purchase from one to ten flat-bottomed vessels from 80 to 120 tons burden.

This stone was carried to the Cape as it is presumed from the stipulations of the act of 1769 (mentioned below) but there is no record of any building, yet it is supposed that the foundation of the stone tower bears the name of who was one of the commissioners appointed by the State of Virginia, and the Federal Government may have made use of the foundation already begun.

Old Point Lighted

A record worthy of note at this point is the following dated May 7, 1774: "A petition of John Dames was presented to the house and read, setting forth that the petitioner, having the care of the fort at Old Point Comfort had ever since the month of February last past, constantly kept up a good light at that place every night, which had been of great utility and singular advantage to vessels

coming in from sea and passing up and down Chesapeake Bay; and therefore, praying the house to take the matter into consideration, and allow him, out of the fund appropriated to the building a lighthouse at Cape Henry, such annual stipend, as should be judged adequate to his services. Ordered that the said petition be referred to the consideration of the committee of trades and that they to examine the matter thereof, and report the same with their opinion to the House."

On November 13, 1780, the Legislative General Assembly of Virginia enacted that the Governor of the State be authorized to convey to the United States Government two acres of land at Cape Henry for the purpose of erecting thereon a lighthouse, to be borne by the Federal Government. The conveyance was effected with several provisions that said tower be erected within seven years from date and if at any time in the future said land was not used for lighting purposes for seven consecutive years the title should revert to the State of Virginia. Another provision of the conveyance stipulated that fishing on or from the beach be not interfered with and that for all time any citizen should be privileged to land fishing boats on the beach. A still further provision was to the effect that the State reserve the right to the material already at the Cape.

Under act of Congress approved March 26, 1790, the old gray tower was erected in 1791 on a hill of loose rock and sand where the first English colonists planted their crude wooden cross when they landed on American soil April 29, 1607: in commemoration of which the Association for the Preservation of Virginia Antiquities has placed on the side of the tower a bronze tablet surmounted by a cross.

The tower is of Potomac sandstone, the frustum of which is an octagonal pyramid. The hill of loose stone on which it stands is thirty feet above high water mark and the tower rises seventy-two feet higher. This lighthouse possesses the proud distinction of being the first one to be erected by the Federal Government. At first common lamps were used in which were burnt winter pressed sperm oil. The efficiency of the light was improved in 1812 by the introduction of Argand burners with metallic reflectors, and still further in 1857 by the substitution of kerosene of the second order, the use of which was continued until the final abandonment of the tower. The same year the strength of the structure was increased by the placing of a brick lining to the stone tower. In 1867 the old wooden stairway was replaced by an iron stair and from time to time as shown by the reports of the Lighthouse board less important improvements were made. One matter of importance, however was the placing of a fog bell July 13, 1885.

Lightship Substitutes

In 1861 on account of the hostilities at that time, the illuminating apparatus was removed and a first class lightship moored between the capes. In 1863 the lightship was withdrawn and the lighthouse repaired and a guard from Fortress Monroe placed at the house.

From the close of the war at almost every session of Congress the Lighthouse Board made report of the condition of the lighthouse and drawing attention to the many deficiencies and vast importance of a first-class light at this point. At last the appropriation was made and the new lighthouse built.

Thus there passed out of commission one of this country's historic structures—a grim sentinel at the portal of the Western World—a monument to that sturdy manhood which made the colonization of the new world possible.

KEMPVILLE High School News

The Kempville High School "Blue Devil" basketball team last week with comparative ease wins over Deep Creek and Creeds to run the season's record to two wins and one loss.

Playing before a small home crowd on Thursday night, Coach Otis Copley's boys took an early lead on short shots by Gunter and Newhall. Two quick baskets by Sykes tied the score. After a close first quarter, which ended in a 7-7 tie, the "Blue Devils," led by the consistent shooting of New-

hall, Reid and Houchins, pulled away from the "Hornets" to lead 23-15 at halftime.

Substitutes began replacing the regulars early in the third period and by the middle of the final period Coach Copley had used every man on his 12-man squad. Newhall led the Kempville scoring with 12 points. Reid and Houchins each contributed eight points and Gunter 7. Sykes scored 14 for the "Hornets."

In the preliminary game the Kempville girls lost to the Deep Creek girls 32-38. The Kempville girls lost the game at the free throw line, hitting only 4 out of 16 free throws. Whitehead, of Kempville, scored 22 points while

Culliper topped the Deep Creek scorers with 18 points.

On Friday night, the "Blue Devils" won from Creeds 49-23. Newhall again led the Kempville scoring, getting 13 points. Gunter tallied 8 points while Reid collected 7 for the winners. Houchins and Shreve turned in fine floor games. Otto Halstead led the creeds scoring with 7 points while Syron got 6.

In the preliminary, the Kempville J. V.'s jumped into a 28-3 lead in the first quarter and went on to completely swamp the "Poppers" 87-16. Coach Hill used his starting five only in the first and third quarters, but the reserves continued to roll up the score.

Forest fires have been known to overtake running deer and men on horseback.

McLean Speaker at Cavalier Garden Club Meeting

The Cavalier Garden Club will meet on Monday, January 8, at 2:30 in the chapel of Galilee Episcopal Church.

Speaker for the afternoon will be Forman T. McLean, Virginia Truck Experiment Station, who will present an illustrated lecture on lilies.

Mr. McLean has made a study of the subject both locally and abroad, and it is his contention that lilies of all species can be successfully cultivated in the Tidewater area.

Mrs. Gilmore Tilbrook, chairman for exhibits, has asked that members bring dried arrangements in line patterns.

The business session will be followed by tea. Hostesses are Mrs. Eldridge Whitehurst, Mrs. Frank Booker, Mrs. Frank Burleson, and Mrs. Carey Pennington.

Two Men Complete Marine Training

Marine Private First Class Garland L. Godfrey, son of Mr. and Mrs. T. C. Godfrey, of London Bridge, and Marine Private First Class Harry D. Daugherty, son of Mr. and Mrs. A. Daugherty, of Virginia Beach, have completed training at the Marine Corps Recruit Depot, Parris Island, S. C., by receiving a promotion to their present rank.

Pfc. Godfrey Pfc. Daugherty present rank. Each also won the coveted silver badge of Marine Sharpshooter when they fired a score of 211 and 220, respectively, out of a possible 250 points with the Garand rifle.

During basic training, both the young men became well versed in military subjects such as first aid, field hygiene and sanitation, field tactics and precision drill.

In addition to the Garand rifle, Privates Godfrey and Daugherty fired other infantry weapons including the .45 caliber pistol, carbine and Browning automatic rifle, and observed operation of the machine gun, mortar and flame thrower.

Pvt. Godfrey volunteered for enlistment in the Marine Corps Reserve in September, 1949 and was called to active duty recently. Pvt. Daugherty volunteered in the Marines in September, 1950.

BIRTH ANNOUNCEMENT

Mr. and Mrs. John E. Salmon announce the birth of a daughter, Frances Katharine, at the Virginia Beach Hospital.

TB Association Set for Vigorous Program in 1951

Returns from the 1950 Seal Sale are still coming in to headquarters, and Mrs. Rufus Parks, county Seal Sale chairman, said today that the Seal Sale funds would be used for a "vigorous attack on the county's tuberculosis problem" during 1951.

"The extent of our attack in 1951, however, depends on whether or not we reach our quota," Mrs. Parks pointed out. "We are still short of the quota by \$1,600, but I am confident that we will reach the full amount in late returns, and urge everyone who has not answered his Seal Sale letter to do so promptly."

The funds from the Seal Sale support the free chest X-ray service in the county, the instruction on healthful living, the workshops on health and physical education for teachers, and many other projects in addition to emergency needs for persons with tuberculosis.

Thanks to every resident who bought and used Christmas Seals during this campaign was expressed by the chairman and such a statement is being included in the official report of the Seal Sale in which the campaign is labeled a "truly community project."

Bird Neck Garden Club Winners

Mrs. A. H. Bannan, of Bird Neck Point, was winner of the gold ribbon in the Bird Neck Garden Club's Christmas doorways competition. Other winners were: Mrs. C. F. Meers, blue; Mrs. G. B. Deal, blue; Mrs. Julius Schlein, blue; Mrs. H. D. Fongbore, red; Mrs. Paul Gallup, red; Mrs. David Stormont, red; and Mrs. Robert Creamer, red.

Judges were Mrs. Edward M. Herdy and Mrs. David Shelbourne of the Virginia Beach Garden Club.

Mrs. Keene to Speak at Chesapeake Beach

The Woman's Club of Chesapeake Beach will hold its regular luncheon meeting Tuesday, January 9, at 1 p.m. at the Chesapeake Beach Community House. Guest speaker will be Mrs. Cameron Keene, of Norfolk, who is a member of the National Story League. The program has been arranged by Mrs. Henry A. Hedley, chairman of the public welfare and citizenship department of the club.

Hostesses are Mrs. E. R. Hines, Mrs. W. B. Meekins, Mrs. R. G. Hines, Mrs. R. M. Clifton, Mrs. J. C. Lovell, and Mrs. W. E. Downs.

Woman's Circle of Seatack Church Holds Xmas Party

The Woman's Circle of the Mount Olive Baptist Church, Seatack, which annually holds a Christmas party with tree and presents for the needy children of the Seatack community, has extended its thanks for the cooperation of Virginia Beach merchants for making the party possible again this year. The party was held on the evening of December 29.

The Circle, which is made up of 12 women, is headed up by Mrs. Alice Petty, president. Mrs. Roxie A. Russell is chairman of the program committee which arranges for the annual party.

The following merchants were listed as having contributed to the party fund: Harrell's Pharmacy, Etheridge Grocery, Sport Shop, Zolli's, Virginia Beach Hardware, Goodyear Sportswear, Bayne Grill, Holland's, Bogue Book Store, Virginia Beach Decorating Company, The Outlet Store, Beau's Sporting Goods, Shelly's, Denton's, Virginia Beach Shoe Shop, Frader's, Seaman's Five and Ten, Billie's, Seaside Market, Atlantic Grocery, Princess Anne Provision, Virginia Beach Shoe Repairing, Urquhart's Bakery, Virginia Beach Grocery, Simmons, Ernie's Household Shop, Colonial Ready-to-Wear, Phillips Furniture, Barr's Drug Store, Virginia Beach Gift Shop, Willino's and Tailored Togs.

Bell-Edwards Tire Corporation New Beach Enterprise

The Bell-Edwards Tire Corporation, a new industry for Virginia Beach and Princess Anne County, has been appointed distributors for General tires, tubes and batteries, and authorized dealer for the Hawkshaw method for trading car and truck tires in the Tidewater area.

The new corporation, which will start operation the latter part of January, is headed up by J. H. Bell, president, and T. J. Edwards, secretary and treasurer. It is located on 31st Street, and will be a complete tire service and distributing center. A well-staffed shop will be modern in every way and will be complete with the most modern equipment, according to Mr. Bell.

Mr. Bell was former Ford dealer in this area and has been in the automobile business for 27 years. Mr. Edwards is well known in the automobile and tire business, having been in business here for some 20 years.

Mr. Bell declared that shipments of equipment are coming in daily, and the January opening date is expected to be met.

The corporation is also distributor for Gulf oil products, the only one at Virginia Beach.

Ruritan Award Prizes in Corn Growing Contest

Three 4-H Club boys in Princess Anne County were awarded prizes offered in the Ruritan Corn Growing Contest Tuesday night, January 2. This is the fourth year that the Ruritan Club has sponsored a corn growing contest among 4-H and FFA members in the county, and again this year all of the winners were 4-H Club members.

The three winners were Vernon Eaton, of the Courthouse Club, who won first prize by producing 132 bushels of corn on one acre of land, and he will be presented a \$25.00 Savings Bond, Floyd Waterfield, Jr., of the Credits Junior Club, won the second prize by producing 124 bushels of corn on one acre, and Ken Whitehurst won the third prize in the contest by producing 107 bushels of corn on one acre, and his award was a check for \$10.00. Each of the boys told how they grew their prize-winning corn.

Two other boys in the county exceeded the 100-bushel-mark and the entire 29 who carried corn as a project averaged 95.3 bushels per acre, which is only 5 bushels less per acre than was averaged by the farmers in the 100-Bushel Club.

JC National Vice President to be Guest at First Citizen Banquet

Jaycee Thrift Books Planned to Promote Trade in Local Area

Horace E. Henderson, national vice president of the United States Junior Chamber of Commerce, will be speaker at the banquet at which the Jaycees will present their First Citizen citation. The banquet will be held at the Paramount Restaurant January 23, at 7 p.m.

The Jaycees plan to make a First Citizen award to the outstanding citizen of Virginia Beach and Princess Anne County an annual event.

Citizens outside the club who are interested in attending the banquet may do so, according to a Jaycee spokesman. Reservations must be made in advance, however. Jaycee wives will be guests. Thrift Books to go sale.

Going on sale the first of next week are the Jaycee Thrift Books. The Jaycees' latest method of promoting trade at home for Princess Anne County and Virginia Beach residents, the Thrift Books are in fact redeemable coupons, in booklet form, which may be traded in for goods or services at local merchants' shops. While the Thrift Books cost but one dollar, the redeemable value is estimated at close to \$200, according to the Jaycees.

The movement has been described as a "re-introduction to your local merchants" and the outcome will be that the purchaser of the Thrift Book will visit the stores of all contributing merchants. Beauty shops, gift shops, service stations, hardware stores, grocery stores, and others, are included.

In most cases, a purchase in the store will be required before the coupon can be made good.

The Thrift Books are good for the period from January 15 to March 1, according to the Jaycees.

They may be purchased from any member of the organization, or from the Virginia Beach News Office, Doyle Real Estate Office, or S. and B. Store in Oceana. Doyle Named State Director.

James Doyle was named State Director of the Junior Chamber of Commerce at a meeting of the group at the Paramount Restaurant on Tuesday. He will replace H. H. Rumble, who has recently been called to duty as a lieutenant in the Navy.

Joseph Cotten will fill the vacancy on the Jaycee board of directors, made by the elevation of Mr. Doyle to State Director.

Oceana View, Beach Lions Clubs Meet in Joint Session

A joint session of the Oceana View and Virginia Beach Lions Clubs heard an address by John W. Dickinson, of Newport News, District Governor of Virginia District 24-D, on Monday at the Pine Tree Inn.

Mr. Dickinson took as his subject the question of Lionism. He was introduced by Deputy District Governor, Horace Simmons, of Virginia Beach, who also introduced another guest, Deputy District Governor Isaac Milner, of Hampton.

Ten-year chevrons were presented to three members of the Virginia Beach Club, W. P. Kelman, Murray Malbon and Mr. Simmons.

R. A. Jones, president, presided over the joint session. Thirty-seven members of the Oceana View Club were present, and 35 from Virginia Beach.

Hotel & Cottage Association Calls For Membership

Gardner Says Unity Essential to Growth, Economy of Resort

The Virginia Beach Hotel and Cottage Association is making a concerted drive for new membership, according to Charles W. Gardner, president.

Mr. Gardner said: "This year, more than any other since the national emergency of World War II, we need to be unified for obvious reasons. According to the American Hotel Association, rent controls will again be placed on all establishments renting rooms. During the last war many injustices were done to these establishments. If you belong to an organization, such as our Beach Association, your chances of receiving fair treatment are much greater."

"Furthermore, considerable more information will come into the hands of the association than would come to the individual. This information would be passed on to you, its members. At the meetings of the association, you will have the benefit of gaining the knowledge of others who possibly have had more experience than you in these affairs, as well as others, and vice versa."

"Besides the governmental problems which will arise, there are those of local significance of which you will wish to be completely informed. As you may know, steps have been taken for the combating of erosion. All of us are hit directly by this situation, even though not on the ocean front."

"Promotion is another problem of prime importance. Virginia Beach needs to regain its proper place among the resorts and this can and will be done through promotion and advertising. A convention hall would make Virginia Beach a year-round resort from which all would benefit. There is much we can do to expedite the building of this hall."

Episcopal Teachers' Training Institute in Norfolk January 21

Plans for the second annual Episcopal Teachers' Training Institute to be held in Norfolk January 21 through 25 are nearing completion. Under the direction of the Rev. Paul Chaplin, assistant rector of Christ and St. Luke's Church and chairman of the executive committee of the Institute, a program has been prepared for members of the teaching staffs of the Sunday schools of the Episcopal churches of Norfolk, Portsmouth, Suffolk, Oceana and Virginia Beach.

The members of the Institute staff will be selected from the personnel of the Sunday school teachers attached to the churches included in this area. The sessions will begin each evening at 8 o'clock and will consist of an address by the Rev. Kenneth E. Helm, faculty member of the Virginia Theological Seminary, Alexandria, Va., and a discussion period, following immediately. The discussion groups will be divided into the following categories: nursery, kindergarten, primary, juniors, intermediates, seniors and adults.

GALILEE MEN'S CLUB TO SPONSOR SPAGHETTI DINNER WEDNESDAY, JANUARY 31

The Men's Club of Galilee Episcopal Church will prepare and serve a spaghetti dinner on Wednesday, January 31, at 6:30 p.m. Men of the congregation and their guests are invited to attend. Reservations may be made by phoning Dawson Taylor, chairman.

Four Local Men Are Casualties In Korean War

Sender and Brown Missing; Reynolds And Dill Wounded

Four Princess Anne County men were on casualty lists from the Korean area released this week.

Missing are Pfc. Robert Reed Sender, USMC, son of Mr. and Mrs. John B. Sender, of London Bridge, and Sgt. Robert A. Brown, USA, son of Mr. and Mrs. W. L. Brown, of 7930 Galveston Boulevard, Princess Anne County.

Wounded were Sgt. Thornton L. Reynolds, USA, brother of Mrs. A. H. Harlow, of Lakeview Drive, Chesapeake Beach, and Pvt. Glenn I. Dill, Jr., of Virginia Beach.

Young Bobby Sender, 18, was listed by the Department of Defense as missing since December 2.

A native of Norfolk, he moved to London Bridge with his family when he was two years old. He attended Hargrave Military Academy and was a student at the Norfolk Academy when he decided to enlist in the Marine Corps. He entered the service last March 6 and received his basic training at Parris Island.

A member of the First Marine Division, Young Sender was sent overseas August 1.

Pfc. Sender's father is prominent in Tidewater Virginia truck farming affairs. He is a former president of the Princess Anne County Farm Bureau and former executive secretary of the Association of Virginia Potato and Vegetable Growers.

Sgt. Brown has been reported missing in action in Korea since (Continued on page eight)

Little Theatre to Produce "Goodbye My Fancy" Next

The Little Theatre's next scheduled play is "Goodbye My Fancy." It has just recently been released in certain sections of the country for amateur groups, and the Little Theatre is lucky to be among the first in the country to produce it, according to Mrs. J. W. Bills, co-chairman for publicity.

Written by Fay Kanin, it will be directed by Mrs. Arthur Massey, adq produced at the Roland Theatre on February 12-13.

Try-outs for "Goodbye My Fancy" turned up an unusually large number of applicants for parts. The reading and casting committee and the director all feel that this play will measure up to, and perhaps surpass, the high standard set by the first play of the season, "John Loves Mary," Mrs. Bills said.

In the meantime, Allen Tyler, chairman of the production committee, requests that anyone interested in helping in the various backstage jobs, such as properties, make-up, costumes, scene-building, painting, etc., contact him at Virginia Beach 992-W.

January 15 Is ACP Deadline

Monday, January 15, at 4:00 p.m. is the cut-off date for getting farm reports on practices performed under the 1950 Agricultural Conservation Program filed with the local PMA office. Most reports are already in, according to Lucille A. Bass, PMA head clerk, but there are still a few stragglers despite several newspaper notices and letters to farmers. Farmers who expect a 1950 ACP payment will be disappointed unless their reports are received by Monday, January 15.

Third Grader Polio Victim Tells What March of Dimes Means

Chesapeake Beach Ladies to Conduct Dimes Campaign

Mrs. Keene Guest Speaker at Luncheon Meeting Tuesday

The Woman's Club of Chesapeake Beach held its monthly luncheon meeting Tuesday at the Chesapeake Beach Community House. Mrs. Henry Heddy, public welfare and citizenship chairman, had charge of the program and presented Mrs. Cameron Keene, of Norfolk, as guest speaker. Mrs. Keene related the biblical story of Dorcas, whose life was devoted to serving her fellowman. Mrs. Keene is a member of the National Story Tellers League.

A donation of \$25 was voted by the group for the Princess Anne County Chapter of the National Foundation for Infantile Paralysis. The 1951 March of Dimes campaign will be conducted by the Woman's Club in the Chesapeake Beach area, with Mrs. E. L. Cooper as chairman.

Mrs. C. G. Clough was re-elected to serve as a representative of the Woman's Club on the board of directors of the Chesapeake Beach Community Center, Inc.

Plans were made for a card party to be held Friday, February 16, at 2 p.m. at the Community House for the benefit of the library fund. Mrs. Clough, Mrs. L. L. Dillon, Mrs. Cooper, Mrs. R. M. Clifton, and Mrs. J. R. Bryant comprise the committee in charge of arrangements.

Mrs. Lewis Causey, education chairman and librarian, announced that hereafter the library will be open on Monday of each week instead of Tuesday. Hours will be from 3:30 until 5 p.m. with the story hour beginning at 3:30 p.m.

The president, Mrs. Dillon, appointed the following nominating committee to present a slate of officers for the coming year at the next regular meeting: Mrs. Bryant, Mrs. Clifton, Mrs. J. L. Judge, Mrs. J. C. Lovell, and Mrs. H. W. Newsome.

A board of directors meeting will be held Tuesday, January 16, at 1 p.m. at the home of Mrs. W. E. Sender, Chesapeake Beach.

JUNIOR COTTILION CLUB TO HOLD SECOND DANCE OF SEASON THIS EVENING

The Junior Cottilion Club of Virginia Beach will hold its second dance of the season at the New Waverly Hotel Friday evening (tonight) from 8 until 10 p.m. Approximately 50 will attend.

Campaign Director Woody Seamans Calls for Support

\$12,000 Goal Set for County as 2nd Worst Polio Year Ends

A goal of \$12,000 has been set for Princess Anne County in the 1951 March of Dimes campaign which begins officially on Monday, according to Woody Seamans, 1951 Campaign Director.

The local fund drive will get off to a head start with a giant parade, which will begin at 7 a.m. tomorrow (Saturday) at Virginia Beach. The parade will make up at 25th Street and Atlantic Avenue, from whence it will proceed to 17th Street, thence to Mediterranean. It will be led by a 75-piece drum and bugle corps with color guard by the Veterans of Foreign Wars of Ocean View.

Also in the parade will be the high school bands from Creeds, Kempsville, and Oceana; the Shirley Darden corps of majorettes, more than 100 men, with color guard, from Fort Story; floats by the local VFW and the VFW Auxiliary, the Lions Club, the Girl Scouts, Bank of Virginia Beach, U. S. Coast Guard, Boy Scouts, Red Cross, Seateack Volunteer Fire Department, Lionses organization, Junior Chamber of Commerce, Virginia Beach Fire Department, the Junior Woman's Club, and other organizations.

E. B. Bayne, who is in charge of the parade, has said that any organization wanting to enter a float in the parade should get in touch with him immediately.

More Than \$11,000 in 1950
More than \$11,000 was collected in the 1950 fund campaign, which was under the direction of Mrs. W. C. Everett. The final figure surpassed the goal originally set.

This year's campaign, which lasts from January 15 through January 31, shows a national goal of \$50,000,000, in increase of 87 per cent over the 1950 goal of \$50,000,000. The raised quota was necessitated by the widespread polio epidemic of 1950, the second worst in the history of our nation. A deficit of \$5,000,000 will be eradicated if the 1951 goal is met, according to national headquarters. (Continued on Page Eight)

Oceana PTA to Hear Debate on School Consolidation

The Parent-Teacher Association of Oceana High School will have on its program Tuesday, January 16, at 8 p.m., a debate which will be given by the members of the debating section of the Oceana Literary Club.

The Literary Club has a membership of 30 students, ably guided and sponsored by Miss June Lyon, of Portsmouth, and Mrs. Warren Sandage, of Virginia Beach. The club took active part in the county and state forensic contests last year.

The debate to be given is: Resolved, that Princess Anne County high schools should be consolidated into one county school. Those on the affirmative side are Warren Brinkley, son of Mr. and Mrs. J. W. Brinkley, of Thalia Acres, and Peggy Wood, daughter of Mr. and Mrs. John Wood, of Princess Anne Court House, while those taking over the negative side are Barbara Norrby, daughter of Mr. and Mrs. H. A. Norrby, of Bird Neck Point, and Juanita Aldridge, daughter of Mr. and Mrs. George Aldridge, of Virginia Beach.

The Literary Club considered this a very wise choice of topic for discussion because of so much interest in the question of consolidation. The P-T-A. has a large number of parents and teachers will be equally interested and attend this meeting.

CROP IMPROVEMENT GROUP PUBLISHES LEAFLET

Descriptions of certified hybrid corn varieties, and tips on fertilization, are listed in a new leaflet available from the Virginia Crop Improvement Association, Blacksburg, Virginia.

The leaflet also carries a warning to farmers not to accept deliveries of seed as being certified unless each bag carries the official blue certification tag. The tag is "assurance of quality seed and insurance against a crop failure," the leaflet says.

PRE-ELECTION MUD SLINGING

We have noted with great interest a decided trend in the pre-election mud slinging that should receive attention here and now.

This mud slinging is to date sub rosa, and as far as we know charges have not been made publicly. It is to the effect that there is one candidate who has been, and by implication still is, the person solely responsible for the existence of the illegal, vice-ridden clubs that abound in the county.

That this is a ridiculous charge is obvious, and does not take any lengthy analysis to show it up for what it is.

That the clubs were allowed to run with official knowledge, if not with official connivance, is obvious. It is impossible for widespread law breaking to abound without the law enforcement officers knowing about it—and by law enforcement officers we mean the Judge, Commonwealth's Attorney, and the sheriff as well as the police. In a county the size of ours, it would be unlikely that these gentlemen would be ignorant of illegal practices that are common knowledge to the public—men, women and children. It would be unlikely that they would fail to hear the repeated evidence in the courts of the county that such-and-such a defendant had visited this club or that club before perpetrating such-and-such a crime—that they would not read the repeated references to the clubs that are in the State's newspapers—that murder and violence associated with the clubs should go unnoticed.

The point of all of this is that with these men knowing of the conditions, it is their duty to see that law is enforced. If they do not do so, then they, and they alone, are responsible for the situation which allows the existence of the other-side-of-the-law clubs to continue. Any one, or all of them, could call for a cleaning up; any one, or all, could see that the call to clean up was heeded.

That others may be involved is aside from the point. The mud slingers, in pointing to one man as responsible, have made themselves particularly vulnerable. The public, we hope, will see this bit of columny for what it is—a desperate effort to shift blame that rightfully belongs elsewhere.

MARCH OF DIMES

The March of Dimes campaign is with us again, and as always it calls for the support of everyone. Few other causes are so worthy as this; no other cause so touches the heart of everyone who has seen the suffering of the victims of this dreadful disease.

That the foundation makes possible the treatment to relieve the suffering of victims of polio, a treatment so expensive that few can afford it, is a powerful incentive to give, and give generously to the fund. That it also makes possible the concerted, scientific search for the cause and cure of polio is a double incentive.

Give, and give now. Give generously!

CHRISTMAS SEALS

A postscript to the recent sale of Christmas Seals is in point at this time.

Some of us may have neglected to take a moment to acknowledge, with a check, the Christmas Seals which were mailed in November.

It is not too late to do so. Send your check to the Princess Anne Tuberculosis Association. Your check may help save a life.

Voice of Democracy Workshop At Williamsburg February 17-19

A Democracy Workshop for leading Virginia high school students and teachers to explore the meaning of democracy in one of the most historic areas of America will be held in Williamsburg during February. It is announced by the Williamsburg (Va.) Junior Chamber of Commerce and Colonial Williamsburg.

Key students from communities throughout the state will gather on the week-end of February 17-19 to discuss democratic principles of today and in the 18th century and tour the "living laboratory" of early American history where the restored scenes of two centuries ago recall the days when the basic principles of our democracy were being formulated.

The Voice of Democracy Workshop will be held in connection with the prize-winning visit to Williamsburg of the four national winners of the Voice of Democracy Contest. The four national winners will participate in the Workshop along with local winners and possibly other key students from throughout Virginia with their teachers and sponsors. Many of the local Junior Cham-

bers of Commerce throughout the state are sending the local winners of the Voice of Democracy Contest to the Workshop as part of their prize.

Included on the week-end schedule for the Workshop will be panel discussions on "Democracy in Eighteenth-Century Virginia," and "Our Democratic Faith Today," the showing of special films on Democracy and Demotism as well as the Williamsburg Orientation program, tours of Jamestown, Williamsburg and Yorktown and ceremonies with the four national winners highlighted by the broadcast from the famous House of Burgesses Chamber of the Colonial Capitol building on Monday, February 18. Last year the four VOD winners were addressed in Williamsburg by General George C. Marshall and John D. Rockefeller, 3rd.

The Workshop is designed to provide an inspiring and informative appraisal of our democratic principles both from their original conception and their present-day application for the key students and their teachers to carry back to their classrooms and their community.

Survival Under Atomic Attack

(Editor's Note: The information below is taken from the U. S. Government publication "Survival Under Atomic Attack." Other excerpts will follow each week.)

SIX SURVIVAL SECRETS FOR ATOMIC ATTACKS

ALWAYS PUT FIRST THINGS FIRST AND NEVER LOSE YOUR HEAD

1. TRY TO GET SHELTERED

If you have time, get down in a basement or subway. Should you unexpectedly be caught out-of-doors, seek shelter alongside a building, or jump in any handy ditch or gutter.

2. DROP FLAT ON GROUND OR FLOOR

To keep from being tossed about and to lessen the chances of being struck by falling and flying objects, flatten out at the base of a wall, or at the bottom of a bank.

3. BURY YOUR FACE IN YOUR ARMS

When you drop flat, hide your eyes in the crook of your elbow. That will protect your face from flash burns, prevent temporary blindness and keep flying objects out of your eyes.

4. DON'T RUSH OUTSIDE RIGHT AFTER A BOMBING

After an air burst, wait a few minutes then go help to fight fires. After other kinds of bursts wait at least 1 hour to give lingering radiation some chance to die down.

5. DON'T TAKE CHANCES WITH FOOD OR WATER IN OPEN CONTAINERS

To prevent radioactive poisoning or disease, select your food and water with care. When there is reason to believe they may be contaminated, stick to canned and bottled things if possible.

6. DON'T START RUMORS

In the confusion that follows a bombing, a single rumor might touch off a panic that could cost your life.

Housewives Must Learn About Social Security Payments

Statements Must Be Filed for Domestic Under New Law

With the beginning of the new year, housewives employing full or part time servants have had to learn their legal obligations in the matter of handling Social Security payments.

According to the January issue of Good Housekeeping magazine, which answers 35 key questions on the subject, there are an estimated one million housewives who will have to know basic facts about the law.

The word "domestics," says the article, means any person who works in or around the house, including practical nurses, furnace-men, gardeners and baby-sitters.

Miss Alma Rae, of Kempville High School, was county winner in the contest sponsored by the Virginia Beach-Princess Anne County Junior Chamber of Commerce. She also placed third in the state contest.

To be affected by the law, the domestic must work 24 days in a three-month period, starting January 1, 1951, and he must be paid at least \$50 in cash wages during this period.

Listing the employer's obligations, the author says she must: "See that the domestic has a Social Security number; withhold 1½ per cent of his wages each time he is paid; file a return; forward the withheld tax, together with the employer's own 1½ per cent contribution, to the district Collector of Internal Revenue."

Pointing out that failure to furnish a statement carries a \$1,000 fine or imprisonment for one year, or both, the article also stresses the importance of keeping records. The employer must keep on file the name and Social Security number of the domestic, and the wages paid. The law requires that the domestic be given a statement of total wages and Social Security tax withheld.

The author reminds employers that local field offices of the Social Security Administration supply detailed information on the law.

The first free library in America was started in Charleston, S. C., in 1695.

LOUIS MATTHEWS CASON ON ESORT DESTROYER CONY

Louis Matthews Cason, seaman, USN, son of Mr. and Mrs. Willie Cason, of Route 1, Box 22, Lynnhaven, Va., is serving aboard the escort destroyer USS Cony of the Atlantic Fleet.

During recent operations, the Cony simulated actual warfare conditions by practicing the shell-

ing of imaginary enemy installations. A group of men headed by an Army major slipped quietly ashore and by radio gave the position of the gun or pill box to be destroyed.

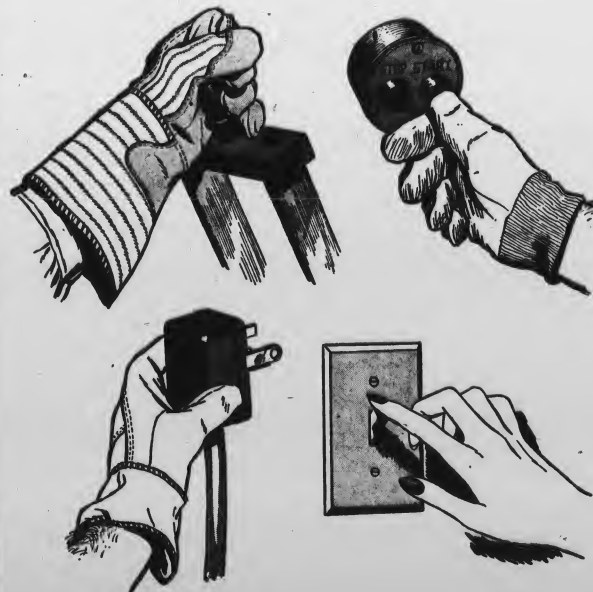

To raise funds for tuberculosis work, Miss Emily F. Bissell put on the first Christmas Seal Sale in the United States in Wilmington, Del., in 1907.

There are thousands of homes in good neighborhoods where effective remodeling can be done at minimum cost with Certigrade Red Cedar Shingles over the old side-walls and roofs.

The result—a charming, livable home—"just like new"—cooler in summer and warmer in winter, because of the unusual insulating value of Red Cedar Shingles. Ask us for particulars and costs.

SCOOPI!

Jane, we hear you and Margaret Anne are strutting up in Washington, D. C. this week-end.

What could be up there? Could you-all be going to see Annapolis Cadets.

Whose birthday did Bunny help celebrate Monday night. Could it have been Buddy Riggs? Happy

birthday, Buddy, even if we are a little late.

Vernon Ruth, who is your latest crush, Buddy Rudolph or Phil Ferrington?

We sure are going to miss Gene Davis, Ralph Aydllette, Loyd Barcoff and Billy Jenkins. Ralph and Loyd left Monday while Gene and Billy will take their examinations Thursday. Good luck, boys!

Carol, who could this new crush from V. P. I. be? Don Bonney?

Eleanor still has her heart down in Back Bay. Come on, gal, get it back in Virginia Beach.

Shirley Davis, do you still have a mad crush on that certain guy?

It has as its purpose the betterment of its members' ability to give prepared or extemporaneous speeches or debates.

KEMPSPVILLE High School News

HALF-WAY MARK REACHED

The first semester of school ends January 24. Examinations for Kempsville students will be given January 22, 23 and 24.

The schedule of school will be the same. The examinations are supposed to last only one period.

Any student wishing to have changes made in his schedule will have to have them made before January 22.

COUNTY MEETING

The S. C. A. members of the county high schools met at the Princess Anne Court House in the agricultural office to discuss the objectives of the last and present years. The three schools exchanged lists of objectives which they used.

They hope to meet again during January to decide whether or not they want to make this a permanent organization. This organization would help with the problems which come before the various high school S. C. A.'s in the county.

QUARTET AT KEMPSPVILLE

The very popular Deep River Jubilee Quartet will be at Kempsville High School on January 16 to present a program in the school auditorium.

The program will consist of old plantation songs, spirituals and modern music. Humorous songs will lend variety to the program.

The saying, "The Negro's greatest contribution to American culture is in the field of music," will take on new meaning after you have attended a performance given by the Deep River Jubilee Quartet.

OCEANA High School News

NEW YEAR'S WORK BEGINS

Oceana High School resumed activities for the new year Tuesday, January 2, after a ten-day holiday.

The building proper boasted a few changes for the new year. The gymnasium floor has been repaired and added; the bleachers have been repaired and moved further from the courts; and two additional blowers have been added to aid in the heating system in the gymnasium.

Also starting the new year with an improved plant is the home economics department. Before Christmas every member of the home economics classes took part in painting the kitchen walls and furniture.

Tuesday afternoon the faculty held a short call meeting to outline some goals, if not resolutions, towards which to work during the new year. Better organization, more strict discipline, and various reminders of where the faculty could probably improve, were the main topics brought up at the meeting.

LITERARY CLUB DEBATE

Tuesday, January 16, at 8 p.m., the Oceana High School Parent-Teacher Association will have on its program a debate which will be given by the members of the debating section of the Oceana Literary Club.

The Literary Club has a membership of 30 students, ably guided and sponsored by Miss June Lyon, of Portsmouth, and Mrs. Warren Sandidge, of Virginia Beach. The club took active part in the county and state forensic contests last year.

The debut to be given is: Resolved, that Princess Anne County High Schools should be consolidated into one county school.

Those on the affirmative side are Warren Brinkley, son of Mr. and Mrs. Brinkley, of Thalia Acres, and Peggy Lou Wood, daughter

of Mr. and Mrs. Wood, of Princess Anne Court House; while those taking over the negative side are Barbara Norrce, daughter of Mr. and Mrs. H. A. Norrce, of Wild Neck Point, and Edward Wright, son of Mr. and Mrs. R. F. Wright, of London Bridge.

Because of so much interest in the question of consolidation, the Literary Club considered this a very wise choice of a topic for discussion. It is hoped that a large number of parents and teachers will be equally interested and attend this meeting.

CLASS ELECTS OFFICERS

Mrs. Frances Fudgin's home room elected as its officers for the year:

Danny Olesby, president; Geraldine Midgett, secretary; Carol Wilson, treasurer; and Lorraine Cox, student government representative.

ANNUAL PROGRESSING

The staff of the Oceana annual has made very good progress toward the publication of the 1951 "Cavalier."

After January 27, we hope to continue to get ads. We sincerely appreciate what those people who previously contributed to the annual have done, and we hope that everyone interested in the "Cavalier" will give us his support.

BASKETBALL

The Oceana Cavaliers played the Norfolk Catholic Crusaders last Friday night on the Oceana court. The Oceana girls boasted a score of 38 points, over Central's 31, with Doris Harcum and Marlou Shaffer as high scorers, each with 14 points. The boys game, although well fought by the Cavaliers, resulted in the Cavaliers trailing the Crusaders by twelve points. Final score, Central 55, Oceana 43. Bobby Bourdon rated high scoring honors with 19 points.

Friendship—Four Thousand Miles Apart

Never quite got the hang of how to play chess myself, but I'll say this for the game—it started one of the strongest friendships I know of: between Dad Wilson in our town and a fellow in Sedbury, England.

The two of them have never met or seen each other—but for eight or nine years they've been playing chess by mail together. Dad puzzles over the Englishman's latest letter, takes a couple of days to think it over, and then air-mails a chart of his next move.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the fellow in England writes that he does the same. "Almost as if we were in the same room," says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often little friendly things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of different nations, between folks here at home!

SCRAP PAPER DRIVE

FEBRUARY 4

The local JUNIOR CHAMBER OF COMMERCE is conducting a continuous drive for scrap paper. Every six weeks a general canvass is made to pick up the newspapers and magazines which have been collected by the residents in this area. Members of the organization are contributing their time and efforts in order to further the work that is being done by JAYCEES all over the country.

Virginia Beach - Princess Anne County Jaycee members are continuously working to boost this community. Several hundred dollars are being spent in an endeavor to further 4-H Club work and reforestation projects in Princess Anne County. School safety programs and trade development projects all require some financial outlay. Charitable contributions - March of Dimes, Red Cross, Community Chest and Joy Fund - are all included in the JAYCEE work. All are dependent upon the profits of such projects as the Scrap Paper Drive.

THIS PROJECT IS DEPENDENT UPON YOU

If your storage space is limited call a neighboring Junior Chamber member or call Virginia Beach 262 and the paper will be picked up as often as you like.

To speed up the collection have your magazines and newspapers tied in separate bundles and placed on curb or front porch.

Mrs. Vivian Hodgson will leave tomorrow to spend some time at her winter home in Lake Worth, Fla. She was accompanied by Mrs. Sadie Fisher, who is her guest.

Henry Lewis, Jr., returned this week to Woodbury Forest School, Woodbury Forest, Virginia, after spending the holidays with his parents, Mr. and Mrs. Henry Lewis, on 61st Street.

McLean Speaker At Garden Club Meeting Monday

"Lovers of Woodland Gardens" was the topic of an address by Dr. Forman McLean before the Princess Anne Garden Club Monday at the home of Mrs. Roland Thorp. Dr. McLean, plant breeder at the Virginia Truck Experiment Station, is an honorary member of the club.

Native ferns can be grown successfully if the soil conditions are made suitable, according to Dr. McLean. The Resurrection Fern, which grows in tree trunks, the Hog Fern, so named because early settlers grazed their hogs on the starchy stalks, and the common Lady Fern were among the ferns recommended. The Marsh Fern may be grown in sun or shade if the soil is wet, he said. He added that Maidenhair has been grown outdoors at the Stratton farm in Princess Anne.

Miss Elizabeth Gregory Hill, president of the Princess Anne Garden Club, was nominated with Mrs. Powell Glass of Lynchburg, to fill a vacancy on the board of directors of the Garden Club of Virginia.

New members welcomed to the Princess Anne Garden Club by the president, Miss Hill, were: honorary members, Dr. V. A. Tiedjen, director of the Virginia Truck Experiment Station, Michael Parker, assistant director, and Dr. McLean; active members, Mrs. Robert Laird, of Lawson Hall, Mrs. Perrell Moore, of Lynnhaven, and Mrs. William R. Howard, of Virginia Beach.

Miss Whitson Speaks At Meeting of Club Women Monday

The January meeting of the Business and Professional Woman's Club of Princess Anne County was held as a dinner meeting at the Normandie Restaurant on Monday. Thirty-one attended, with two new members, Miss Anne Parker Tyler and Miss Ruby Worley, being welcomed into the club by Mrs. Rosa Lee Meigler, president.

Miss Lillian Ashley, chairman, health and safety, presented the program for the evening. She introduced Miss Virginia Dare Whitson, advisory nurse, Tidewater District, Virginia State Health Department, who spoke on all aspects of the public's health, emphasizing the close relationship between physical, mental and spiritual health. She also told of her experiences while on duty in Wytheville during the polio epidemic last year.

The Business and Professional Woman's Club will sponsor a canasta and bridge party at the Normandie Restaurant on Tuesday, February 6, at 8 p.m. Mrs. Edith Broughton will be in charge of the party, proceeds from which will be used in the Scholarship Fund of the club.

The March of Dimes must replace a \$5,000,000 National Foundation deficit as well as furnish funds to treat unpredictable cases in 1961.

Illegal Shooters Take Advantage of Good Waterfowl Season

Hunter success reports to date indicate that more waterfowl were taken during any season for the past five years. Some of the increased take has been dropping into the game bags of illegal hunters, however. One hunter was recently apprehended by Federal and State wardens with seven large Canada geese.

In another incident last week, the Federal and State men found a boat adrift in the York River. The boat contained two ducks and a quantity of corn. The wardens spotted two men waving handkerchiefs in a blind several hundred yards away, and towed the boat back to them. The men admitted ownership of the boat, and a dredging of the waters around their blind by the wardens revealed a heavy sowing of grain. The officers then arrested the so-called "sportsmen" and summoned them to court.

The men were downcast at the prospect of a heavy fine, but admitted that every cloud has a silver lining, since the return of their boat by the wardens saved them from spending a night in the open blind in sub-freezing weather.

Project Committees Plan Work For County Farming Program

Project committees of the Princess Anne County Board of Agriculture met recently to make recommendations to be carried out in 1951. The following committee action was approved by the entire board:

The corn committee, consisting of J. S. Ives, J. W. Potter and W. L. White advised that the Corn Growers 100-Bushel Club be conducted in 1951 and that the committee make some adjustments in regard to the point system. The hybrid corn demonstrations were not deemed necessary in 1951, but all corn growers will be urged to visit the Holland Experiment Station for the purpose of studying the different hybrids grown there. The committee also suggests that corn growers follow the recommendations of the Experiment Station in regard to the use of fertilizer. The committee recommended that weed control demonstrations be conducted in 1951 in corn growing production.

The soybean committee, consisting of J. B. Dudley, J. G. Petree and C. W. Shirley, recommended that soybean variety demonstrations be continued again in 1951; also that the use of fertilizer in production of soybeans be studied and demonstrations be conducted. The committee suggested that a soybean growing club similar to the corn growers club be started in the county if enough interest could be developed. Controlling weeds in soybeans by giving pre-emergent spray with 2-4-D was suggested.

The sweet potato committee, consisting of A. D. Malbone, Cameron Menden and L. A. Williams, recommended that the county agent go slow in advising new varieties at this time. The committee feels that a lot of work can be done in improving the Puerto Rico potato that is now universal grown and that this improvement should come about with demonstrations in hill selection of seed, more careful seed selection at bedding time, and the treatment of seed at bedding time. The committee feels that the acreage of sweet potatoes should not be increased during the coming year, to avoid creating a surplus on the market.

The potato committee, consisting of G. W. Capps, R. C. Etheridge and W. B. Menden, recommended that the growers in Princess Anne County go very slow in planting their 1951 crop, as the prospect for a good market next year depends entirely on how much acreage cut will be realized in California and North Carolina. The committee recommends that the 1951 crop be equally divided between the Sebagoes and Cobblers, and that demonstrations be conducted in harvesting and marketing.

The vegetable committee, consisting of M. M. Parker, E. W. Calk and F. P. Whithurst, recommends that the acreage of truck crops in Princess Anne County be continued at about the present figure for the total crop. They do suggest that truck farmers shift some of their acreage from kale and collards to broccoli and brussels sprouts, and that demonstrations be conducted with these crops. The committee recommends that demonstrations be conducted with the coptender—snap beans, which have proved to be outstanding in this section; demonstrations in the proper planting of strawberries; demonstrations in the precision planter and new cultivators for truck crops; and demonstrations in the grading and packaging of all vegetable crops.

The pasture committee, consisting of V. A. Etheridge, Joe Hershberger and Roger S. Sawyer, recommends that the county agent encourage as many farmers as possible in the county to seed and care for a good pasture on their farm, as there is a tendency to

increase livestock in the county, and with the increased demand for all meat, the committee feels that good pastures are very necessary on every farm.

The forestry committee, consisting of S. Paul Brown, B. E. Myers and Sterling Montgomery, recommends that the Extension Service advise the planting of pine seedlings on all land not suitable or profitable for crop production, and that forestry management projects be conducted with stress directed toward timber lands that have been recently cut over.

The soil conservation committee, consisting of A. H. Holmes, R. W. Lane and L. H. Vaughan, recommended that Extension agents cooperate fully with the Soil Conservation Service and assist in every way possible to inform property owners of the importance of proper drainage, proper use of lime, cover crops, and fertilization.

The dairy committee, consisting of W. C. Flemming, W. W. Oliver, Jr., and John H. Trant, recommended that the county agent organize and conduct a tour of dairies in the county during the late spring months for the purpose of showing good methods of handling dairy stock and the production of good feed for dairy stock. The committee suggested that the Extension Service study the value of the dairy industry in the county and publish the findings; that the Extension Service show the importance of the use of good bulls in dairy herds, and also of the necessity of dairy-men raising herd replacements.

The livestock committee, consisting of R. A. Midgett, W. R. Malbon and Milton Mansfield, recommended that the Extension Service encourage the expansion of both beef cattle and hogs in the county.

The poultry committee, consisting of Frank Borovich, A. L. Salmons and N. Lee Carey, recommends that the poultry industry, consisting of both chickens and turkeys, be maintained at the 1950 level; that culling demonstrations be conducted; and that every farm family be encouraged to have a flock of poultry.

The 4-H committee, consisting of Stanley Oliver, D. S. Potter and M. H. Williams, recommends that a "sponsor-father-club member" dinner be held in the near future for the baby beef and market hogs projects. The committee feels that more 4-H contests on a county level should be instituted to encourage more rural boys and girls to take advantage of the 4-H program.

Struncius Urges Alighting from Car on Curb Side

AAA Sponsored Safety Drive to Prevent 'Suicide'

Want to commit suicide? One good way to flirt with death is to get out of an automobile into traffic, according to Sgt. F. W. Struncius, Virginia Beach's representative for the American Automobile Association's pedestrian protection contest.

"Walking out into traffic to get into a parked car or leaping out of a car into traffic is inviting drivers to hit you," Mr. Struncius said. "Drivers do not want to accept that invitation, but it is sometimes impossible for even the most alert driver to anticipate a person jumping into his path from a parked car," he warned.

"I know it is tempting for a driver to get out of the car the 'easy' way, opening the door by the driver's seat and stepping into traffic, rather than alighting across the seat and leaving by the door adjacent to the sidewalk. But in this case the easy way is the dangerous way," Mr. Struncius continued.

"Drivers also tend to walk around their parked cars right out into traffic where they stand unlocking the door while approaching cars must swerve to avoid hitting them. Here again, a person invites death just because it's the easier way," he said.

Mr. Struncius asks all drivers and automobile passengers alike, for their own safety, always to make it a rule to enter and leave automobiles on the curb side.

He pointed out that Virginia Beach had a perfect record for 1950—no pedestrian fatalities—and but one fatality in 1949.

Over \$136,000 has been sent to Virginia by National Headquarters in New York for police patient care. Nationally, the foundation's deficit for the year was estimated at \$3,000,000.

March of Dimes War Casualties

(Continued from Front Page)
November 26, the parents were notified by telegram Sunday night.

The 24-year-old sergeant last wrote to his family November 8. He was a member of the 20th Infantry Division.

A veteran of World War II, he saw action with a heavy artillery regiment in France and Germany. He re-enlisted in the Army two years ago and was stationed in Japan when the Korean war began. Prior to re-enlisting, he was a member of the civilian police service at the Norfolk Naval Base.

A native of Norfolk, he also lived in Clifton Forge, where he resided with his aunt, Mrs. Carrie Woods.

Sgt. Reynolds, a native of Williamsburg, now is in the Triphong Army Hospital, Hawaii, where he is recuperating from wounds received December 12 in the evacuation at Hungnam.

The 19-year-old soldier was reported in satisfactory condition in a telegram received Sunday by his mother, Mrs. W. B. Reynolds, of Quarterpath Road, Williamsburg.

A member of the Medical Corps attached to the 19th Infantry Regiment, since Reynolds had been in Korea since midsummer. He is a veteran of 22 months in the Army, having enlisted while still a student at Matthew Winkley High School in Williamsburg.

The News for December 22 reported that young Glenn Dill had been wounded for the second time. He is now hospitalized in Japan.

Pvt. Dill, 19, was wounded for the second time November 26. He previously had been wounded on September 3, but recovered and was returned to duty. His latest wounds resulted from mortar shrapnel.

A native of Camden, N. J., he moved to Virginia Beach in 1943 from Boone, N. C. He graduated from the Oceana High School in June, 1948, and enlisted in the Army the following February. He received his basic training at Fort Jackson, S. C., and shortly afterwards was ordered to duty in Hawaii where he remained until last August when he was sent to Korea.

In a recent letter to his parents, parts of which were published in the News, Pvt. Dill wrote: "I am okay after being hit again. The pieces of shrapnel in my shoulder are to stay there, they tell me. The flesh wounds in my head and the top of my fingers are healing nicely."

A member of the Second Infantry Division, he saw action in combat with the Chinese Communists in North Korea before being wounded for the second time and evacuated.

Irving Deary and Clyde Harris Enlist in Navy This Week

Chief Quartermaster Julian A. Forbes, Navy Recruiter for Virginia Beach and Princess Anne County, announced today that Irving H. Deary, son of Mr. and Mrs. Floyd T. Deary, of London Bridge, and Clyde R. Harris, son of Mr. and Mrs. Alexander Harris, of 1316 Cypress Avenue, Virginia Beach, enlisted in the U. S. Navy this week, at Richmond.

Both young men attended Oceana High School and young Deary graduated with the class of 1948. All young men enlisting from this area are sent to the U. S. Naval Training Center, Great Lakes, Ill., for a course of recruit training before being assigned to one of the Navy's many trade schools or a unit of the fleet. While undergoing training men are given a series of tests to determine their fitness and qualifications to attend a service school. These trade schools, such as aviation mechanics, electricity, radio, electronics, machinist, office work, and many others, are maintained by the Navy for the purpose of giving qualified men expert instruction in 62 major job fields.

Irving Deary enlisted as airman recruit and will be assigned to an aviation unit of the fleet, either based ashore or afloat.

Virginia as a whole was second to Iowa in the nation in the number of radio cases per 100,000 population in 1950.

Chevrolet Motor Division Sets Two Industry Records

Two all-time records for biggest year's production by a single company in the history of the automobile industry were announced recently by the Chevrolet Motor Division as it prepared for long-term defense commitments.

The first record is for U. S. plants alone, 2,015,150, the second is for total production of 2,107,493, including Canadian plants—as is traditional in automobile industry record-keeping. Both exceed old records that have stood since 1923.

"This achievement makes Chevrolet the first manufacturer to have built more than 2,000,000 vehicles in U. S. plants in a single year," T. H. Keating, Chevrolet general manager, said. "The result is to place car owners at the strongest position possible to weather the foreseeable demands on civilian production expected to be made by defense requirements over the months ahead."

Civilian cutbacks at Chevrolet will begin immediately, Keating said, but will be light in the first quarter and will be gradual while new defense work, now in the planning stage, is being translated into actual contracts.

Of all money raised in Virginia by the March of Dimes, 83 per cent has been spent in Virginia, leaving but little for research, epidemic aid, education, and operations.

Check Road Damage By Simple Steps

A few simple steps will check deterioration expected on private farm roads at this time of year. G. D. Kite, associate agricultural engineer at U. P. I., says rapid deterioration comes when water collects in holes and holes are enlarged by repeated passing of vehicles.

Preventing such damage on unpaved roads is simply a matter of prompt drainage, Kite says, and makes these suggestions:

As soon as mud holes appear, drain them and fill the holes with sand and gravel.

Do not allow ditches to become clogged with dirt or trash. Keep the road built up in the center.

Restrict the use of heavy trucks as much as possible at this time of the year.

Kite says a pick and shovel are usually enough equipment for maintaining farm roads. Timely repairs when damage is slight may prevent the need for future expensive road work.

January In The Poultry House

by Frances Mae Williams

Are your hens enjoying the winter?

Getting ready for winter on the poultry farm can mean many different things.

In order for your hens to be comfortable their house should be draft-free—that is, tight on three sides with some opening left on the south side.

The proper feeding time is a very important factor. Poultry is very similar to people when it comes to the time of eating. Poultry should be fed in the morning and evening and fresh water should be kept by them always.

Eggs should be gathered twice daily and should not be kept in a warm place for any length of time and should not be put in a refrigerator for freezing if planning to sell them for fresh eggs. A temperature of 50 degrees is about right.

Having something to sell and knowing how to sell it is only part of the battle. Knowing what to charge is just as important.

Know how to dress your poultry properly and keep in constant contact with the market reports.

Officials Announce Air Raid Warning Signals For Civilian Defense

Coordinator Reeves Johnson Asks Public Know Two Signals

Civil Defense authorities have announced a system of air raid warnings which will go into effect at once. Civil Defense Coordinator for Virginia Beach, Reeves E. Johnson, in making the announcement, made clear that while the signals are being made public in order that the residents may familiarize themselves with them, there is not now any plan to have practice warnings in the near future.

There will be only two signals: (1) The Red Alert, signal of an imminent attack, and (2) The All Clear.

The Red Alert public warning signal will be of three minutes duration. It will consist of fluctuating or varying signals of varying pitch by siren, or a series of short blasts by horn or whistles. (Pitches with available horns or whistles will be listed later.)

The All Clear signal will be a series of three steady one-minute blasts by siren, horn or whistle, interrupted by silent periods of two minutes each.

Chief Johnson said that the air raid signals are uniform throughout the State. The directive ordering the use of the signals locally came by Civilian Defense Executive Order from Governor Battle.

Chief Johnson said that it is important to remember that the siren is only sounded in case of Red Alert and All Clear.

Lt. Webb Reported Missing in Action In Korean War

Word has been received here that Lieutenant Sinclair Webb, husband of Mrs. Lucille Clark Webb, of 512 22nd Street, is missing in action in Korea.

Lt. Webb has been missing since November 30. The 29-year-old officer landed in Korea August 3. He was seriously injured September 3, requiring more than a month of hospitalization in a Japanese hospital. He was returned to active duty October 12.

A member of the 23rd Regiment, Second Division, Combat Engineers, Lt. Webb is a veteran of World War II. He served in the European Theater from 1943 through 1945 and was separated from the service when the war ended. He re-entered the Army as a Lieutenant in 1947.

He is a native of Anderson, S. C., and a graduate of Clemson College. He is the father of two daughters, Claire, six years old, and Gail, four, who live with their mother at the 22nd Street address. Mrs. Webb is the daughter of Mr. and Mrs. Wallace Clark, of Virginia Beach. Lt. Webb's parents, Mr. and Mrs. S. C. Webb, reside in Bird Neck Point. His father is president of Ames and Webb, Norfolk contractors.

Evening Bible Study Class to Organize At Galilee Church

An organizational meeting of the Evening Bible Study Class of Galilee Episcopal Church will be held at The Haven, next door to the church, on Thursday, January 25, at 8 p.m. Dessert and coffee will be served.

The purpose of the meeting is to choose new officers, chairman, and course of study for the ensuing year.

The Rev. Edmund Berkeley will be the class instructor. Everyone is invited and those who plan to attend are asked to notify Miss Blumeth Bain, church secretary, or Mrs. W. G. Beakin, at Virginia Beach 104.

March of Dimes Director Asks Greater Efforts

Seamans Reports Progress 'Fairly Good' to Date

As the 1951 March of Dimes neared the half-way mark today, Woody Seamans, campaign director of Princess Anne County, issued a statement stressing the need for continued efforts on the part of home volunteers and the general public.

"So far," Mr. Seamans said, "we are making fairly good progress, but we cannot afford to become complacent about a drive in which so much money is needed until it definitely tops all previous results."

This is a crucial year, he pointed out. The March of Dimes faces the greatest task in its 13-year history. A tremendous patient load has drained funds of the National Foundation for Infantile Paralysis for three successive years. Basil O'Connor, president of the National Foundation for Infantile Paralysis, stated in his speech from Wytheville, Virginia, opening the national drive for \$50,000,000, that "The Foundation has a \$5,000,000 debt because of epidemics of the past three years, but this is an honorable debt acquired by helping the stricken."

Every dime, every dollar given to the 1951 March of Dimes is needed to reduce this indebtedness and to back up the pledge that no infantile paralysis patient need go without the best available care for lack of funds.

The generosity of the public has enabled the National Foundation to carry on its many-faceted programs of service successfully up to now. No patient in need has gone unaided, but finances now are strained to the limit.

The treasury of the Princess Anne County chapter is depleted, having cared for 14 new patients and four carryover patients during 1950. Princess Anne County's goal for the 1951 March of Dimes Campaign is \$12,000.

Local fund raising activities include a dance, sponsored by the Junior Chamber of Commerce, on February 10, in the Panorama Room of the Cavalier Beach Club, at which Chick Ciccone and his orchestra furnishing the music. Dawson Taylor is chairman of the dance committee. Joseph LaGiglia, sports chairman for the March of Dimes, is arranging a boxing match, tentatively set for February 2 at the Community House. Contestants will be announced next week.

The local program was started with a parade last Saturday. The Virginia Beach Fire Department float collected \$107 during the parade and the Lions Club float, with Boy Scout John Hampton assisting, collected \$13.

Woman's Circle to Hold Card Party

The Woman's Circle of the Star of the Sea Catholic Church will hold a bridge and canasta party at 8 p.m. on Wednesday, January 24, in the Parish Hall.

Mrs. E. B. Durham, general chairman, has announced that there will be door prizes and refreshments. Tickets will go on sale at once, with Mrs. Hutton Clark in charge of the ticket committee. They may be obtained from members of the circle or from Mrs. Clark.

In addition to Mrs. Clark and Mrs. Durham, committees are headed up by Mrs. C. M. Howard, refreshments; Mrs. J. W. Standing, prizes; Miss Margaret Pantone, tables; Mrs. C. L. Hunter, serving; and Mrs. J. Goodenow Tyler, publicity.

FLAG PRESENTATION—Veterans of Foreign Wars Auxiliary ladies recently presented an American flag to members of Mrs. Glenn Dill's Girl Scout Troop. Members are shown here after the presentation by Mrs. LaCone Fulton on the steps of the Virginia Beach Methodist Church where the troop holds its meetings.

Capt. Pennoyer Head Of Bird Neck Point Community League

Captain Ralph G. Pennoyer was named president of the Bird Neck Point Community League at a meeting held last week. Other officers elected were: Cecil Meares, vice president; Captain R. S. Crenshaw, secretary; R. S. Crenshaw, treasurer; and Rufus S. Right, Jr., C. T. Hull, and the president of the Bird Neck Point Garden Club, directors. Francis N. Crenshaw will remain attorney for the organization.

Captain Crenshaw presented the annual report which cited major accomplishments of the past year: road signs erected, street lights installed, and hard surfacing of many roads in the area.

An executive committee was named to study the indiscriminate cutting of timber for commercial purposes in the section, and ways of stopping the practice which is felt by many of the property owners to be depreciating the value of real estate and destroying the natural beauty of Bird Neck Point.

BEACH MUSIC CLUB MEETS TODAY

The Virginia Beach Music Club will meet at 3 p.m. today (Friday) at the home of Mrs. R. F. Trant, "Tilnynave," London Bridge.

Carol Trant will be host to the club. Mrs. Earle Van Buskirk, program chairman, has planned a special program of organ music.

Congregation to Continue Services At Baptist Church

The Rev. Ira D. S. Knight, pastor of the Virginia Beach Baptist Church, announces that services in the present church building will be continued there for an indefinite time. It was announced last week that final services at the church would be held Sunday and thereafter services conducted at the Community House. However, the company which recently purchased the church building, has found that building restrictions prevent them from erecting a building on the property.

Dr. Knight said that regular weekly and Sunday services will continue in the present church. Instead of at the Community House.

Scouts Write Letters To Foreign Scouts

A lesson in international understanding is being carried on in a small way by Virginia Beach Boy Scout Troop 60, Fox Patrol. Originated by Emmanuel Katsias, the plan is for the lads to write letters to Scouts in other countries. It is carried on through the Boy Scout World Brotherhood Department.

The local boys wrote three letters, about December 1. To date they have received a reply from one from Surabaya, Indonesia.

J-C Thrift Book Aim is to Stimulate Trade at Home

Jaycee Thrift Book sales at the end of the first five days of their sale were reported to be moving rapidly. More than 300 have been sold. There are plenty for all seekers. Jaycees report, and individual members have them for sale, as well as the S. and S. Store in Oceana, the Virginia Beach News office, Doyle Real Estate, and the News Center.

The Thrift Book, which is designed to promote trade at home, is a series of redeemable premiums in booklet form which may be traded in for goods or services at local merchants' shops. While the Thrift Book costs but one dollar, the redeemable value is estimated at \$125.

Among other offers included in the book are: a free shampoo and finger wave; free bowling games; one-third off on laundry done at one shop; free hose with purchase of other articles; grease jobs done free with wash and oil changes; free belt with purchase of men's slacks; \$5 credit on purchase of hat with each suit purchased; five pounds of sugar or flour with \$5 grocery purchase; and a mul-

THRIFT BOOK PUT OUT—Jaycees are shown assembling the coupons that go into their Thrift Books, now on sale as part of their Trade at Home Campaign. Thrift Books may be purchased from individual members of the Junior Chamber of Commerce, or may be bought at the S. and S. 5 and 10 Department Store, in Oceana, the Doyle Real Estate Office on Atlantic Avenue, the News Center on Atlantic Avenue, or the News office on 17th St.

Town Council Seeks Ways To Raise Needed Revenue

Kontopanos Wins Jaycee 'First Citizen' Award

To Receive Plaque At Banquet of Group Tuesday Night

James G. Kontopanos was named First Citizen of Princess Anne County last week by the Junior Chamber of Commerce. He will be presented a plaque naming him the county's outstanding citizen at a banquet to be held at the Paramount Restaurant January 22.

The award was made by the Jaycees on the basis of unselfish and outstanding service to the community during the past year. John Doyle, Jr., chairman of the awards committee, said that Mr. Kontopanos' service as chairman of the blood donors program at the Beach was one of the chief considerations in his selection.

"This work alone entitled him to become the county's first citizen," Mr. Doyle said.

Mr. Kontopanos, who is the owner and operator of the Normandie Restaurant on Atlantic Avenue, for many years has been active in civic affairs at Virginia Beach and in the county. During the war he made an outstanding record for sale of war bonds and was the recipient of five citations from the Federal government.

He now serves as treasurer of the Princess Anne County chapter, American Red Cross, and has headed a number of that organization's committees in the past. He takes an active interest in Boy Scout work, having until recently served as chairman of the district's public relations committee.

Both he and Mrs. Kontopanos have taken an active part in youth movements at the resort. This is especially true of the Virginia Beach Community House and the Youth Commission, which directs its activities.

Mr. Kontopanos is at present president of the Virginia Beach Rotary Club, a member of the board of directors of the resort's Chamber of Commerce, a member of the board of directors of the Bank of Virginia Beach, and is in the Virginia Restaurant Association.

The 53-year-old restaurateur is a native of Karpentisi, Greece. He came to the United States 37 years ago and acquired his citizenship in 1927. He has lived at the resort since 1935.

Junior Women Elect Mrs. Kennett President of Club

Mrs. R. Lynn Kennett was elected president of the Junior Women's Club of Princess Anne County at the annual election of officers held at the Community House Tuesday night. Mrs. Joseph L. LaGiglia, first vice president, presided in the absence of Mrs. James Allen, who is attending a State Board meeting of Junior Women's Clubs in Richmond.

In addition to Mrs. Kennett, other officers elected to serve during the ensuing year, which begins with the first meeting in April, are:

Mrs. V. Alfred Etheridge, first vice president; Mrs. A. S. King, Jr., second vice president; Mrs. J. Robert Addenbrook, third vice president; Mrs. Ruth Morgan, recording secretary; Miss Ruth Ford, corresponding secretary; Miss Ruth Pritchard, treasurer; Mrs. James W. Allen, Jr., parliamentarian; Mrs. George D. Newkirk, historian; and Mrs. Aubrey N. Holmes, contact chairman.

A film was shown demonstrating the procedure of a successful "Mothers March on Polio," which will be conducted by the Juniors January 31 from 7 to 8 p.m.

Local Restaurant Owner to Attend Association Meet

James G. Kontopanos, owner of the Normandie Restaurant, will leave Wednesday, January 24, for Richmond, to attend a luncheon and the annual presentation of the Sidney J. Wellman, Sr., Award to an outstanding restaurant of the State.

The award this year will go to J. E. Barnhart, owner and operator of the Coffee Shoppe, Warrenton, Va.

Governor John S. Battle has accepted an invitation to attend the luncheon, which will take place at the Commonwealth Club.

After the presentation of the award, the quarterly directors meeting of the Virginia State Restaurant Association will be held at the association's headquarters.

Mrs. Kontopanos will accompany her husband to Richmond.

Winslow Appointed TAA Representative

J. E. Winslow has been appointed special representative of the Tidewater Automobile Association at Virginia Beach and in Princess Anne County, according to an announcement received here.

Mr. Winslow, who took over his duties only recently, maintains an office at his home.

The Town Fathers have under consideration some form of sales tax to meet increased demands for additional revenue in the town's coffers, according to an announcement made at Monday night's regular council meeting. Although no specific plan was made public, the body will meet in the near future in special session to study concrete proposals.

The announcement came after the council had heard the fiscal report for the year ending August 31, 1950, presented by M. L. Goodman, Norfolk public accountant, which showed a deficit of a trifling more than \$4,000 in the year's operations.

While no specific type of sales tax was mentioned, it was generally understood from the statements made by council that a roots tax on hotel accommodations was under consideration. It was pointed out in this respect that New York City, Atlantic City, and other cities employ such a tax. It was further pointed out in the discussion that Norfolk has a 10 per cent amusement and utility tax.

Town Manager Hatchett advised council that four pressing needs—erosion control, advertising, the building of a convention hall, and improved garbage collection service—made it imperative that new revenue be obtained.

He warned that license fees already are as high as merchants and business men can bear and that owners of real estate are carrying a full load. His statements led to the conclusion that a levy on hotel rooms was under consideration.

Federal Savings, Loan Association Re-elects Officers

Shareholders of the Virginia Beach Federal Savings and Loan Association on Wednesday re-elected P. W. Aekas, C. T. Whitehead and R. B. Taylor to the board of directors for a three year term. Other directors are Dr. W. L. Taylor, C. R. Bryant and William F. Hudgins.

Officers of the association, who were also re-elected, are Roy Smith, president; Judge F. E. Kelam and R. B. Taylor, vice presidents; W. H. Terry, Jr., secretary-treasurer; and Miss Mary Bridges, assistant secretary.

The association during 1950 closed mortgage loans totaling approximately \$400,000, according to the report made to shareholders at the annual meeting held Wednesday. Of this amount \$200,000 went into new construction, \$100,000 for the purchase of existing homes and the balance for refinancing and other purposes.

The report, which was made by Mr. Terry, advised that the current dividend rate of 3 per cent per annum had been continued through the year and that a total of \$26,000 in earnings had been paid to shareholders. The total of mortgage loans held by the association has increased \$170,000 to \$887,000, and share accounts, by \$140,000 to a total of \$943,000. Total assets of the institution are \$1,128,830.

Attention of the shareholders was also directed to the increase in insurance on share accounts. Each investor's account is now insured against loss by the Federal Savings and Loan Insurance Corporation up to \$10,000.

ADVERTISING THE BEACH

In asking for a tax of some sort to assure (among other things)
sufficient income for the Town to advertise its resort facilities, the
Town Council is pursuing the right angle. The Town needs proper
advertising money in excess of the \$12,000 paid out last year in need.

The other things for which the tax money would be earmarked
also are necessary—money to combat erosion (although the sum
mentioned would hardly scratch the surface there), a convention
hall which would open Virginia Beach in the Spring and Fall ses-
sions as well as in the Summer months, and a modern garbage col-
lection service, at least on main streets. Without the first, it is ap-
parent any amount of advertising would be useless.

W. W. McClanahan, Jr., who is president of the Chamber of Com-
merce as well as a member of the Town Council, put his finger di-
rectly on the situation when he said that this taxation is our only
salvation, that we "have to make up our minds to spend for promo-
tion."

It was Mr. McClanahan who said that it is Council's hope to raise
by a 3 per cent tax at least \$300,000. Furthermore, he pointed out
that advertising on the basis that it has been carried out in the past
is unworkable. For example, he explained that the Chamber of Com-
merce spent \$15,000 for advertising last year; that administration
of the Chamber of Commerce office (including salaries we suppose)
amounted to between \$6,000 and \$8,000. In other words, it cost the
Chamber of Commerce and the taxpayer \$6,000 to \$8,000 to spend
\$15,000, scarcely an efficient expenditure of money. The taxpayer
comes into the picture because the Town makes a direct grant of
\$7,000 annually to the Chamber of Commerce.

Since the taxpayer, by this reasoning, pays the large majority
of these administrative expenses for advertising the resort, it would
follow that if the budget for actual advertising cannot be raised to
a worthwhile amount, then steps should be taken to reduce adminis-
trative cost proportionate to the advertising being done.

We hope that something will be worked out to provide funds for
the promotion of Virginia Beach to put it on the map where it be-
longs as one of the nation's finest resorts.

DANGER TO SCHOOL CHILDREN

Once again mothers are coming to us asking that we lend our
voice to stop, if possible, the speeding on Atlantic Avenue and on
the streets leading directly from the Willoughby T. Cooke School
at times of the day when children are going either to or from school.

These mothers report that there is little attention paid to the
law which says that automobiles MUST stop when a school bus stops,
and that the failure of many to do so is endangering the lives of the
youngsters who alight from the buses. With cars passing, there is
grave threat to the lives of these little children, who, in their exuber-
ance at being out of school and their trust in the fact that cars are
SUPPOSED to stop, might dart out in front of oncoming vehicles.

Abide by the law of your State. Stop when the school bus stops;
proceed with caution, bearing in mind that these youngsters might
be injured if you are exceeding the prescribed speeds.

Survival Under Atomic Attack

(Editor's Note: The information below is taken from
the U. S. Government publication "Survival Under
Atomic Attack." Other excerpts will follow each week.)

WHAT TO EXPECT

ATOM-SPLITTING IS JUST ANOTHER WAY OF CAUSING
AN EXPLOSION

To begin with, you must realize that atom-splitting is just
another way of causing an explosion. While an atom bomb
holds more death and destruction than man has ever before
wrapped in a single package, its total power is definitely limited.
Not even hydrogen bombs could blow the earth apart or
kill us all by mysterious radiation.

YOUR CHANCES OF SURVIVING AN ATOMIC ATTACK ARE
BETTER THAN YOU MAY HAVE THOUGHT

Because the power of all bombs is limited, your chances
of living through an atomic attack are much better than you
may have thought. In the city of Hiroshima, slightly over half
the people who were a mile from the atomic explosion are still
alive. At Nagasaki, almost 70 per cent of the people a mile from
the bomb lived to tell their experiences. Today thousands of
survivors of these two atomic attacks live in new houses built
right where their old ones once stood. The war may have changed
their way of life, but they are not riddled with cancer. Their
children are normal. Those who were temporarily unable to
have children because of the radiation now are having chil-
dren again.

To Denver (Col.) Post: Display Of Confederate Flags at Beach Not a Sign of Southern Uprising

Flying those Confederate Flags is not a sign of a terrible uprising
in the Southern states against
Yankee imperialism, the Denver
Post to the contrary.

In that newspaper's "Talk
of Many Things" column, dated
January 10, 1961, there appeared
quite a to-do about the whole
thing. Boiled down, the gist of the
Post's article was:
"The demand for Confederate
Flags in Dixie has surprised
manufacturers. Usually there is
a market for Confederate Flags
about the time of Memorial Day
only. But since last Memorial
Day, 6,000 flags have been sold
and business is definitely looking
up."

"The South Will Rise Again"
and similar songs are said to be
enjoying quite a vogue down in
rebel territory. At Virginia Beach,
three owners of Jeeps have organ-
ized what they call the 102nd
Mechanized Virginia Cavalry,
Confederate States of America.
Just to prove something or other...

The article continued with a
few choice excerpts about how
the State of Colorado had "de-
feated" Confederate attempts to
gather the state (then a territory)
into the Confederacy, and ended
with the ringing declaration:

"Whatever this flag waving in
the South may mean, Colorado
will sit tight, keep her powder dry
and her scalping knives sharp."

Well, we can report to the Post,
and we, hope, can put to rest any
worries it may entertain about
the imminence of civil strife and
bloodshed.

In an interview, one of the Su-
preme Commanders of the 102nd
Mechanized Virginia Cavalry
(there are three Supreme Com-
manders) declared that the flying
of the Confederate Flag has ac-
complished its one and only aim.
It has gained publicity for Vir-
ginia Beach... apparently pret-
ty widespread publicity at that.

Minnesota was derived from
two Sioux words meaning "Sky-
colored water."

Sen. Byrd Picked as 'Virginia's Man of the Mid-Century'

Senator Harry Flood Byrd was
designated "Virginia's Man of
the Mid-Century" in an article
by Virgilus Dabney in the cur-
rent (January) issue of Virginia
and the Virginia County, the of-
ficial publication of the League
of Virginia Counties.

"The committee, after carefully
looking over a large number of
persons who are prominent in
Virginia affairs and some of
whom had been mentioned for
the honor, unanimously decided
to name the senior Senator," said
James.

James said the committee se-
lected Byrd for his "intellectual
integrity" and because he has
placed his "honest convictions
above political opportunism."

Dabney, Pulitzer prize-winning
editor of The Richmond Times-
Dispatch, also made mention of
Byrd's "intellectual integrity."

Dabney wrote:
"United States Senator Harry
F. Byrd has had a long public
career, distinguished by a num-
ber of qualities seldom combined
in one individual. He has shown
high ability, great industry, and
extraordinary capacity for hand-
ling men. An expert administra-
tor, he is also a profound student
of government. More than all this,
he has evidenced a ready willing-
ness, rare among officeholders, to
express unpopular opinions."

"In other words, he has valued
his own intellectual integrity from
time to time above the prejudices
and whims of the electorate. This
last-named quality of independ-
ent thinking was most notably
displayed in the 1930's, when
Senator Byrd was usually to be
found in opposition to the over-
whelmingly popular New Deal
policies of President Roosevelt."

Dabney said that many people
thought Byrd was ultra-conserva-
tive, "if not reactionary." In those
days and that he was "adily out
of time with the times."

"Today," Dabney wrote, "... a
goodly number of his former crit-
ics, of whom this writer is one,
are happy to acclaim the appro-
priateness of the selection" of
Byrd as "Virginia's Man of the
Mid-Century."

In his lengthy review of Byrd's
career Dabney said that the Sen-
ator's answer to critics who point
out that he has voted more often
on the Republican than the
Democratic side in the Senate is
that he "feels that he is follow-
ing the historic policies of Thom-

"No Virginia of this genera-

Dabney suggested that Byrd's

is one that "might well be con-
sidered in our public life."

The Student Government met with the faculty to stress the importance of honesty, especially at the time of examinations. The faculty stated their belief that students could influence students better than teachers, and called upon the Student Government representatives to do what they could to prevent cheating.

Basketball

Friday night, January 12, the Oceana Cavaliers journeyed to Williamsburg to play the Mathew Whaley "Governors." The Oceana girls, undefeated this year, were given a tight game the first half—so tight, in fact, that the half-time score was 17 all. The second half proved a welcome change for the Cavaliers. Marilou Shaffer scored 23 points, and Leegie Malbon, as guard, held the Governor's high scorer to 12 points. The final score was Oceana 46, Mathew Whaley 26.

The smaller and less experienced boys team were not so fortunate, however, and were defeated by the Governors 48-23. The Cavalier quint was at a decided disadvantage throughout the entire game because of the greater height and experience of their opponents. F. E. Taylor, Cavalier coach, is confident that the team will improve with experience.

Basketball teams made a class sweep last week in an abbreviated schedule following a layoff during the Christmas holidays.

On Wednesday afternoon, the Junior Varsity jumped into a 19 to 3 lead at the end of the first quarter and coasted to a 46-40 win over Broad Creek.

In Friday night's preliminary, Barbara Whitehead tossed in 23 points to lead the Kempville girls to a 36-26 win over the Kempville Alumnae in a nip and tuck battle that was decided in the last two minutes of play.

Stacking up 15 points in the last 2½ minutes of play, the Blue Devils broke a 36-30 tie to win handily from Blackstone in one of the most thrilling games ever played in the Kempville gym.

Marcia D. Sinclair, Carter H. Coupland Vows Spoken Friday

The Eastern Shore Chapel was the setting at 10 o'clock Friday morning, January 12, for the marriage of Miss Marcia Deighton Sinclair, daughter of the late Mr. and Mrs. Frederick Wilkinson Sinclair, of Philadelphia and Ridley Park, Pa., to Mr. Carter Harrison Coupland, son of the late Mr. and Mrs. John Randolph Coupland, of Norfolk. The ceremony was performed by the Rev. Edmund Berkeley, rector of Gothic Episcopal Church, Virginia Beach.

The bride wore a two-piece ensemble of Iris blue imported lace over tulle of the same shade. It was fashioned with a tight bodice and full ruffled skirt and a high necked jacket with three-quarter sleeves with narrow turn-back cuffs. Her headress was of Iris blue and mauve illusion twisted in a halo shaped band. She carried an heirloom bridal prayer book tied with white lilies and bouvardia.

Following the ceremony, the couple left by motor for a wedding trip to New Orleans, La. For traveling, the bride wore a grey flannel suit trimmed in red, an olive-green, red and grey checked tweed top coat, grey hat, black accessories and a corsage of cypripedium orchids.

Upon their return, Mr. and Mrs. Coupland will reside at 211 West 78th Street, Virginia Beach.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but

Mrs. Lucy Bravwell, of Norfolk, who has been taking HADACOL, realizes it very well. Mrs. Bravwell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiency of Vitamin B₁₂, B₆, Nicotin and Iron, which HADACOL contains.

Here is Mrs. Bravwell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

Savings Bond Sales
In State for 1950 Show
Increase Over 1949

United States Savings Bonds sales in Princess Anne County in December of \$6,623.75 brought the year's total to \$77,946.11, according to the Treasury Department's News Letter.

Savings Bond sales in Virginia in 1950 exceeded sales in 1949 by \$8,634,000, according to a tabulation of sales for the two years made in the State Director's office. Sales in 1950 amounted to \$62,741,532 compared with \$74,107,751 in 1949. All figures were based on purchase price. During

Mrs. Voight Speaker
At Club Meeting

Mrs. Mattie Voight, of the Virginia Federation of Garden Clubs, was guest speaker at the January meeting of the Bird Neck Point Garden Club, held Tuesday at the home of Mrs. Floyd Lee Smith.

"Why Garden Clubs?" was the subject of Mrs. Voight's address, which described the purposes and potentialities of garden club units. Mrs. Voight invited the club members to be present at the next meeting of the Federation, which is to be held in Norfolk on the last Thursday in January. Mrs. Rufus Knight, Jr., was named chairman of a transportation and communications committee.

At the close of the meeting, Mrs. Smith served a dessert luncheon.

December of last year Virginians invested \$8,745,647 in Savings Bonds, broken down as follows: Series E, \$3,846,595; F's, \$424,649; G's, \$2,474,400.

Patricia Davis and
Roger S. Arnold
Wed Saturday

The marriage of Patricia McGuire Davis, daughter of Mr. and Mrs. Clyde Lee Davis, Sr., of Norfolk and Albemarle County, to Roger Stanley Arnold, son of Mr. and Mrs. Stanley Knox Arnold, of Broad Brook, Conn., took place Saturday afternoon at 4 o'clock in the Holy Comforter Church, Charlottesville. The Rev. Bernard Moore performed the ceremony.

Given in marriage by her father, the bride wore a street length gown of hydrangea blue taffeta under Chantilly lace, with a small navy velvet hat and short veil, and carried a prayer book marked with a white orchid.

Miss Mary Robinson, of Longmeadow, Mass., was maid of honor and only attendant. She wore a street length gown of dusty green Chantilly lace over satin and a hat of forest green velvet. She carried a crescent bouquet of Miller roses and carnations. Tallman roses and croton foliage.

William Arnold, of Broad Brook, Conn., was best man for his brother, and the groomsmen were Leroy Webb Davis, II, of Norfolk; Clyde Lee Davis, Jr., Francis McGuire Davis, of Virginia Beach, and Richard McGuire Davis, of Gordonsville, brothers of the bride.

The bride's mother wore a mid-night blue crepe dress with a matching hat and lavender orchid corsage. The mother of the bridegroom wore a deep blue dress with dusky pink trim, matching hat and a corsage of pink double camellias.

After the ceremony a reception was held at the home of the bride's parents, "Happy Creek," Gordonsville. Mr. and Mrs. Arnold left for an unannounced wedding trip, and upon their return will reside in West Hartford, Conn. The bride traveled in a navy suit and matching accessories.

Mrs. Arnold attended Dunbarton College of Holy Cross, Washington, and Indiana University. Mr. Arnold is an alumnus of Middlebury College, Middlebury, Vt., where he was a member of Delta Upsilon fraternity. He did post graduate work at the School of Commerce and Finance, St. Louis University, and is now a field representative for the Hartford Accident and Indemnity Company, Hartford, Conn.

Forest fires each year destroy enough pulp size trees to produce 3,250,000 tons of newsprint—enough to supply every newspaper in the U. S. for one year.

Check-toucher Alan Ladd and Mona Freeman ride the romance trail in "Branded," the explosive Paramount frontier drama which opens next Wednesday at the Beach Theatre for a four-day run.

Card Party Planned
By Business and
Professional Women

The Business and Professional Woman's Club of Princess Anne County will give a card party at the Normandie Restaurant February 6, at 8 p.m. Funds raised by the party will be used for the scholarship which the club plans for a business course for a girl to be chosen from one of the three county high schools.

Mrs. Edith Broughton, general chairman, is being assisted by Mrs. Elizabeth Heneghan and Mrs. Flossie Creekmore. Mrs. Creekmore is in charge of the ticket sales, which may be purchased from her or any member of the club.

There will be table and door prizes. Parties may play any game of their choice.

Gail O'Connor to Wed
Vincent Niemeyer
On January 27

Mrs. Charles O'Connor, of Long Island, New York, announces the engagement of her daughter, Miss Gail O'Connor, to Vincent Niemeyer, son of Mrs. Bernard Smith, of Virginia Beach, and the late O. V. Niemeyer, of Portsmouth.

The wedding will take place on Saturday, January 27, in St. Joan of Arc Church, Long Island.

"Sweet Sally Brown"

The Teen-Agers will present a comedy, "Sweet Sally Brown," in the Community House gymnasium on Thursday, February 8, at 8:30 p.m. When our young ladies approach you to buy a ticket, please do not turn them down because part of the proceeds will go to the March of Dimes. This will be our first adventure in staging a play, and if our friends come in large numbers it will encourage our members to try another.

According to Miss Simpson, the

director, everyone who comes will have an enjoyable evening.

Remember, this is one of the many ways our teen-agers are working to help prevent polio.

Serve These Easy Tasty Dips With Fresh, Crisp Potato Chips

Potato chips are always big party favorites. You can add to their popularity by serving them with easy-to-make, delicious dips (as shown above).

1. Combine deviled ham, diced pickle, chopped egg, mayonnaise, and tomato ketchup.
2. Soften bleu cheese and cream cheese with milk...add Tabasco and Worcestershire sauce.
3. Mix grated cheese, onion, diced stuffed olives, ketchup, Worcestershire sauce, and cream.

For potato chips at their peak-of-perfection...buy Jane Parker Chips...sold only at our A&P. They're always light...always fresh...because they're made with pure vegetable shortening only, and specially packaged to protect their freshness. And they're just as thrifty as they are delicious.

Benjamin Franklin

American apostle of Thrift and Industry

THIS IS THE BIRTHDAY WEEK of a man whose name is inseparably linked with American progress—and American principles.

The familiar story of his life-and-key experiment which probed the relationship of lightning and electricity, and his invention of the lightning rod which has saved countless lives, money and property...are but small part of the Franklin story.

For while he advanced knowledge in this realm (and

many others) he was also an ardent apostle of the principles which are the essence of our American Way: sound business management, individual enterprise, thrift and industry.

Under this system, everybody benefits. You're not likely to find a man such as Franklin in a country where the government controls everything—for in such countries the individual has little or no freedom to plan, create, invent or invest.

Club Managers of State Re-elect Gay Chapter President

Charles P. Gay, Jr., manager of the Country Club of Petersburg, has been re-elected president of the Virginia Chapter of the Club Managers Association of America. Elected vice president of the chapter was George E. Leftwich, manager of the Kewick Country Club, Charlottesville, and Robert E. Berry, manager of the Rotunda Club in Richmond, was elected secretary-treasurer. These three officers will serve as chapter directors with Harvey W. Brooks, Jr., manager of the Hague Club, Norfolk, and Joseph L. Jarman, Jr., of the Cavalier Beach and Cabana Club, Virginia Beach. The election took place at the January meeting of the chapter held at the Rotunda Club in Richmond.

The third annual Regional Spring Meeting for the club managers of Virginia, West Virginia,

and North and South Carolina was scheduled for March 17, 18 and 19, and will be held in the Virginia Beach-Norfolk area. Social activities will be planned for Virginia Beach on March 17 and 18, with the main business meeting the Hague Club in Norfolk on March 19.

GERALD B. BROOKS ENLISTS IN U. S. NAVY AS RECRUIT

Chief Quartermaster Julian A. Forbes, local Navy Recruiter, announces that Gerald B. Brooks, son of Mr. and Mrs. Howard G. Brooks, of Route 1, Virginia Beach, has enlisted in the U. S. Navy as a Seaman Recruit. Young Brooks graduated from Oceana High School and attended the University of Virginia for one year before enlisting in the Navy.

All men from this section are sent to the U. S. Naval Training Center, Great Lakes, Ill., for a period of Recruit Training before being assigned to a Navy Trade school or a unit of the fleet.

TOWN COUNCIL

(Continued from page one)

the tax proponents. The sum, he suggested, probably could be obtained by a three per cent levy. Town's Audit

Briefly, the highlight of the town's audit, as pointed out by Mr. Goodman, were:

Expenditures exceeded revenue by \$106,000 (figures are rounded); there was \$461,000 in revenue and \$228,000 in expenditures. A \$46,000 cash surplus shown from the year before was wiped out, and an actual deficit of \$6,000 was shown on the books of the town.

\$150,000 was spent out of current revenue for capital outlay, including \$28,000 for replacement and repairs to the boardwalk, and \$46,000 for the elevated water tank.

Of the \$813,000 cash handled, \$78,000 was returned from the county; \$45,000 from the State (\$19,700 from ABC profits); with the balance coming from local sources.

The water department, which normally operates profitably, operated at a loss last year. \$171,000 was taken in; \$115,000 covered expenses; \$70,000 was spent on mains, meters and the tank; the

department showed \$64,000 in the red.

Bonded indebtedness stood at \$1,172,000; \$176,000 was spent for debt service.

Power Fees

The Virginia Electric and Power Company will proceed in the near future with the relocation

of power poles on the East side of Pacific Avenue, as nearly as practicable, from 17th Street north to 26th Street. The relocation of poles is in connection with the projected widening of Pacific Avenue and will come in two stages—the present contemplated move and from 34th Street to the

sewer line, where it is anticipated that poles will be located in a median strip.

Mr. Hatchett, advising council of correspondence with Representative Porter Hardy, Jr., concerning the possible participation of the Federal government in enlarging the resort's sewage disposal plant, cited the statute on the present plant due to defense programs.

The Federal government, he said, was considering the reutilization of Camp Pendleton, and if this becomes a reality, the present facilities will be heavily overloaded.

Capt. Quilter Reports No More Land Deals in Prospect at Oceana

Expansion Program At NAAS Includes New Land Purchase

Widespread rumors have grown up in and around Oceana in the past weeks as to the extent of the expansion of the Oceana Auxiliary Air Station.

Captain J. F. Quilter, commanding officer of NAAS, said yesterday that he was not at liberty to reveal the exact extent to which the field would expand. However, Captain Quilter said that if a Navy representative has not yet approached a landowner about the purchase of property for the expanded facilities that there is no plan now to take in that property.

\$4.4 Acres to be Bought

The government on Wednesday initiated proceedings to take by condemnation an additional 4.4 acres of land adjacent to the Oceana field. The land will come from the holdings of the Rosemont Dairy and Robert H. Balliol.

Air Station Landmark Goes

Bids were opened recently for the work of removing the structural steel hangar at the NAAS. T. E. Ritter Corporation, of Norfolk, was the high bidder for the amount of \$2,113.

This building is well known to Princess Anne County residents as its steel ribs have been a landmark on Courthouse Road for many years. Removal of the building is necessitated by the building of a new runway through the area occupied by the hangar. Dismantling of the structure is expected to be completed within 45 days.

Fuel Storage Facilities

Increased aviation fuel storage facilities, expected to be in use within six months after work begins, will be let on contract from bids opened Monday by the Navy's Bureau of Yards and Docks in Washington. This will be the first construction undertaken with funds recently allotted to increase facilities at Oceana amounting to more than \$10,000,000.

Captain Quilter said that four steel fuel tanks will be provided on the western portion of the Air Station, on the opposite side from the town of Oceana.

Runway Work Under Way

The W. H. Bow Construction Company, of Augusta, Ga., and T. E. Ritter Corporation, of Norfolk, now are completing work at Oceana designed to lengthen the runways to 8,000 feet. This project, started some months ago, is costing the Navy approximately \$2,500,000.

"Title Eight" Housing

Meanwhile, Navy planners have selected three alternate sites near the Oceana facility for the construction of 290 low-cost housing units to be erected this year. Officials from the Bureau of Yards and Dock will select which site is to be used.

Present plans specify that "Title Eight" housing shall be erected. This means the Federal Housing Authority assures the mortgage with a loan company and that the project will be administered by a private company.

Junior Woman's Club Announces Contest

The Junior Woman's Club of Princess Anne County has invited residents to submit designs for the Beach Follies program for this year's annual production, scheduled for March 7 and 8.

Designs are to be left at the Community House not later than February 10. For further information, anyone interested may call Mrs. R. Lynn Kennett.

County Board of Agriculture to Meet Tuesday

Specialists to Meet With Committees at Kempville School

The Princess Anne County Board of Agriculture will meet in the auditorium of the Kempville High School on Tuesday, January 30, to work out plans for activating the 1951 agricultural program for Princess Anne County. The greatest attendance of specialists from the State Office that ever assembled in the county will be present, according to H. W. Odlin, county agent. Each project committee will have a specialist to work with it on its particular part of the program, and in addition to the specialists, H. E. McSwain, assistant director of the Extension, will be present.

The following is a complete list of the members of the County Board of Agriculture:

Advisors

H. W. Odlin, county agent; Jack W. Brothers, assistant county agent; J. W. Rogers, district Extension agent; A. V. Watts, county agent-at-large; D. M. Tate, veterans work; J. B. De, chairman of the school board; C. R. Bryant, county key banker; F. H. Williams, Federal Land Bank; J. W. Littleton, principal of high school; and the Rev. W. A. Richardson, county minister.

Committees

Corn: J. S. Ives, Route 2, Hickory; J. W. Potter, Oceana; W. L. White, Route 1, Princess Anne; and E. T. Batten, specialist, director, Holland Experiment Station.

Soybeans: J. G. Petree, Route 2, Princess Anne; J. B. Dudley, Back Bay; C. W. Shirley, Route 2, Hickory; and W. C. White, specialist, Blacksburg.

Sweet Potatoes: L. A. Williams, Back Bay; Cameron Munden, Route 1, Princess Anne; A. D. Malone, Route 1, Princess Anne; and L. C. Beamer, specialist, Blacksburg.

Potatoes: R. C. Etheridge, Back Bay; W. B. Munden, Back Bay; G. W. Capps, Virginia Beach; and A. V. Watts, specialist, Virginia Truck Experiment Station.

Vegetables: F. B. Whitehurst, Jr., Oceana; E. W. Calk, Lynnhaven; and M. M. Parker, specialist, Virginia Truck Experiment Station.

Council of Garden Clubs Extends Date For Contest Entry

The deadline for entries in the Council of Garden Clubs' beautification contest has been extended to March 1, according to an announcement by Mrs. Floyd Dormire, president. Mrs. Dormire said that many entries had been received, but that the extension was made in order to give more people an opportunity to enter the contest.

The contest will end May 1, with an announcement of winners scheduled for May 15. It is open to business houses, filling stations, hotels, public buildings and residences, with first and second place awards in each of these categories. Prizes total \$600 in government bonds, with first prize of \$350 and second of \$25 in each of the classifications.

Pictures taken of the site to be beautified are to accompany the entries blank of the contestants. At the end of the contest, an "after" picture must be taken.

Hotel and Cottage Association Backs Town's Tax Plan

Group Goes Further To Suggest Other Taxes, Purposes

The Virginia Beach Hotel and Cottage Association is backing up the town's plan to raise revenue for promotion of the resort's facilities by means of a 3 per cent tax on rooms. They go a step further in their recommendations than the town intimated in discussing the need for additional taxation at a recent council meeting.

Charles W. Gardner, president of the association, said:

"It is proposed that a 3 per cent tax shall be collected from revenue produced from hotel rooms, cottages, apartments rented on a transient basis, prepared foods (including restaurants, hotel dining rooms, sandwich counters in drug stores, hotdog stands, etc.), amusements, and 2 cents on cigarettes."

"All of the money collected will be definitely earmarked for a specific purpose, as follows: 25 per cent for erosion, 25 per cent for advertising, 40 per cent for convention hall, and 7 per cent for garbage collection. The Town of Virginia Beach will handle collection at no charge—that is, none of the money collected will go toward a collection fee."

"It is highly possible that we will have once again a beautiful bathing beach by this summer. The Army Engineers will, in the very near future, supply us with full recommendations and we will most likely adhere to them. This work should not exceed \$500,000."

"Virginia Beach needs now, more than ever before, to increase its advertising. We're rapidly losing business which is rightfully ours because we have not increased our advertising and promotion to compete with other resorts. There will be a separate board set up in the Chamber of Commerce to handle the promotion and advertising. The hotels will have a 60 per cent representation on this board. If we do not achieve our desired aims, no one can be blamed but ourselves," Mr. Gardner said.

Mr. Gardner added that there is the possibility that the construction of a convention hall at this time may not be possible due to the national emergency. "The

Dimes Dance at Chesapeake Beach Saturday Night

The Woman's Club of Chesapeake Beach will sponsor a March of Dimes benefit dance Saturday night, January 27, at 9 o'clock, at Lee Manor, Chesapeake Beach.

Committees in charge of arrangements are Mrs. W. C. Brandt and Mrs. J. L. Judge, music; Mrs. C. M. Hall, refreshments; and Mrs. C. G. Clough, publicity. Mrs. E. L. King, proprietors of Lee Manor, have donated the use of the ballroom for this dance. Admission will be by free will contribution.

A "Mother's March on Polio" will be conducted by the members of the Chesapeake Beach Woman's Club on Wednesday, January 31, from 7 to 8 p.m., under the direction of Mrs. L. L. Dillon, president.

EARL E. MANBY, JR., ENLISTS IN UNITED STATES NAVY

Chief Petty Officer Julian A. Forbes, Navy Recruiter for Virginia Beach and Princess Anne County, reports that Earl E. Manby, Jr., son of Mr. and Mrs. E. E. Manby, of Davis Corner, enlisted in the U. S. Navy during the past week. He was sent to the U. S. Naval Training Center, Great Lakes, Ill., for a period of recruit training before assignment to a Navy trade school or a ship of the fleet. Young Manby graduated from Maury High School in Norfolk, with the class of 1948.

Civilian Defense Meeting Planned At Cavalier Club

A civilian defense meeting for all residents of Bird Neck Point and north of Laskin Road, between Virginia Beach-Princess Anne County boundary line, west to Oceana Road and north along Oceana Road to Alantown and including Alantown, will be held at the Cavalier Yacht and Country Club on Tuesday, January 30, at 8 p.m., according to an announcement by Rufus S. Knight, named deputy coordinator for the area.

All persons who could possibly volunteer for one of the needed services are urged to be present so they may be called upon in the event of an emergency. Types of service personnel needed are: nurses, nurses aides, first aid, air raid yarding, auxiliary firemen and auxiliary police.

Ivan Mapp, civilian defense coordinator of Princess Anne County, will be present to explain the above services and answer questions anyone may wish to know about the volunteer civilian defense work.

Final Week of March of Dimes Fund Drive At Hand with Goal Far from Being Attained

Contributions to the 1951 March of Dimes funds drive have only amounted to \$1,421.08 to date, according to Woodbury Seamans, campaign chairman. Special gifts received through January 22 total \$1,071.30, he said; school collections, \$144.33; parade, \$120.30; and coin collections, \$85.18.

"With only a week more to go, we are lagging sadly behind our \$12,000 goal," Mr. Seamans said. He recalled, however, that in many drives for funds in the county, it was last minute contributions which put the campaign over the top, and he said that he was not too discouraged, but was hopeful that the goal would be surpassed.

"If you have not yet contributed or if you find that you can increase your original contribution, please mail your check to Mrs. J. D. W. Cassada, Treasurer, 107 1/2 St. Street, Virginia Beach," Mr. Seamans said.

"Our funds have been exhausted, yet there are still polio patients in the hospital and at home who need constant care, corrective equipment and costly opera-

tions which must be provided by your gifts to your March of Dimes. This, together with the inevitable list of new cases which we must assure every opportunity of recovery, places a heavy load on a depleted treasury," he said.

As the March of Dimes draws to a close, there are two facts to be remembered, Mr. Seamans concluded:

1. Regardless of where you work, if you are a resident of Virginia Beach or Princess Anne County, you will receive aid only from the Princess Anne Chapter, and you may be assured of this help irrespective of your personal financial status. So give to your local chapter, not through your work.

2. There are no paid workers in the Princess Anne County Chapter. All workers are on a volunteer basis.

Mother's March

Wednesday evening, January 31, at 7 o'clock, the Mothers of Virginia Beach, including North End, Bay Colony and Oceana, will march on polio in a house-to-house canvass, to provide a dramatic climax to the March of

Dimes campaign. Their aim is to cover every street, every neighborhood, and every home. The theme is volunteer giving, and it will be symbolized by a glowing porch light to welcome the volunteer mother for a contribution.

At exactly 7 p.m., horns and sirens will blow and the fire bells will ring as a reminder to turn on the porch light for the marching mothers.

"If you do not have a porch light, use a flash light or a candle in a bottle. If you live in an apartment house, hang a shoe or ribbon on the door to indicate your willingness to participate," said Mrs. R. Lynn Kennett, publicity director for the drive.

The march will continue for just one hour—from 7 until 8 p.m., January 31.

This all-out effort to protect neighbors and loved ones against this public enemy, "polio," is being staged by the Junior Woman's Club of Princess Anne County, with the cooperation of many outside mothers. Mrs. James W. Allen, Jr., is chairman for the Mother's March on Polio.

Town Petitions County for Refund of Tax Revenues Amounting to \$50,000

Construction in County Shows Big Increase in 1950

Beach Proper Shows Decrease in Home, Other Building

Total construction in Princess Anne County and Virginia Beach for 1950 amounted to \$6,194,375, not quite double the 1949 figure of \$4,486,924, according to the Builders and Contractors Exchange in Norfolk.

Broken down, the 1950 total reveals that \$2,272,509 was spent in Government contracts in the county, reflecting extensive work being done at Oceana Auxiliary Air Field, among others.

The county proper showed an increase over 1949 of about \$2,600,000, going from \$1,978,645 in 1949 to \$4,523,765 in 1950. Virginia Beach showed a decrease in 1950 to \$1,396,101 to 1949's \$2,350,990.

In the entire Norfolk-Portsmouth area (which includes Virginia Beach, Princess Anne County and Norfolk County, construction showed an increase of \$16,389,410 over 1949, to make a grand total of \$40,723,095.

Total number of Princess Anne County permits granted for construction was 773, with 664 of them residential building and 109 miscellaneous. For Virginia Beach the total was 261, of which 149 were for residential building.

Figures released by the Builders and Contractors Exchange are as follows:

Princess Anne County—Residential: 1950, 654 permits, \$4,109,300; 1949, 331 permits, \$1,756,645; \$2,441,155 increase; miscellaneous: 1950, 109 permits, \$233,965; 1949, 79 permits, \$220,000; \$103,965 increase; total: 1950, 773 permits, \$4,523,765; 1949, 410 permits, \$1,978,645; \$2,545,120 increase.

Virginia Beach—Residential: 1950, 147 permits, \$1,352,626; 1949, 9 permits, \$2,107,648; \$755,020 decrease; miscellaneous: 1950, 64 permits, \$45,475; 1949, 101 permits, \$243,344; \$197,869 decrease; total: 1950, 211 permits, \$1,398,101; 1949, 170 permits, \$2,350,990; \$952,889 decrease.

Jaycee Sponsored Dance February 10

"A red hot colored orchestra" will furnish music for the Junior Chamber of Commerce sponsored March of Dimes Dance, slated for February 10 at the Panorama Room, according to Dawson Taylor, chairman for arrangements for the Jaycee dance committee.

Mr. Taylor said that the orchestra is an excellent one, prepared to play "sweet or hot" music to cater to the tastes of everyone.

Proceeds from the event will go to the March of Dimes Fund collection for the National Foundation for Infantile Paralysis.

Linhorn Garden Club to Meet Friday

The Linhorn Garden Club will meet on Friday, February 2, at the home of Mrs. Carl Ruffaker, 312 Avenue A, at 1 p.m. Mrs. Lewis Throm will serve as co-hostess, and there will be a guest speaker. Members are asked to take note of the changed time for this one meeting, for it will convene at 1 o'clock rather than the usual 3 o'clock.

Town Claims Money Due by 'Gentleman's Agreement'

The Town of Virginia Beach on Monday petitioned the County Board of Supervisors for a refund of some \$50,000 which it claims was collected from town taxpayers for the county's general fund on an unequal basis during the past two years.

Town Manager W. Russell Hatchett told the supervisors, who were meeting in their regular session, that a "gentleman's agreement" had been entered into at the time real estate assessments in the town were doubled to make way for the floating of a bond issue in 1949. Although knowing that the general fund levy of 60 cents per hundred dollars could not be changed legally, the agreement stipulated that money collected in excess of normal collections previously would come back to the town in one way or another. Mr. Hatchett claimed that this has not been done, nor did the supervisors deny this.

At the time the assessments were doubled, the town cut its tax rate in half.

The county levies a general fund tax of 60 cents per \$100 on real estate, however, and that collection was maintained on the basis of the doubled assessment, making Virginia Beach landowners pay twice as much into the county general fund as in previous years.

Mr. Hatchett suggested that the return of the \$50,000 be made as a county contribution to the erosion control program which Virginia Beach has instituted.

Supervisor Walter C. Maher said such a settlement might be favorable to the town in the future, but he doubted that any refund can be made to cover the last two years.

Clerk of the Court William F. Huggins told the supervisors that, while the original arrangement had been badly handled, the money rightfully belongs to the town and should be returned to it.

Commonwealth's Attorney Paul W. Ackiss was instructed to seek an opinion from Attorney General J. Lindsay Almond as to whether such a refund can be made. By law, the county must have a uniform rate in its general fund levy.

Mr. Hatchett said 50 per cent of the money raised by the general fund tax in the county comes from Virginia Beach, which has but an eighth of the county's population.

Civilian Defense Director Ivan D. Mapp was authorized to hire a full-time stenographer for a three month period to handle clerical work incident to the civilian defense.

Registrar Invites Voters to Register

Champer Beane, registrar for Virginia Beach, has announced that he will be glad to register voters at any time and place convenient to them up to the time that the registration books are closed 30 days prior to the August primary elections.

Mr. Beane said that he is anxious to do this as a convenience to voters, since on the day specified by law for registration, voters often found themselves unable to be present. The only requisite for registration, he said, is that poll taxes are paid up six months prior to the election day.

Mr. Beane may be reached by telephone at Virginia Beach 508.

MORE ABOUT THE PROPOSED TAX

The proposed tax to be levied on hotel rooms, restaurants, hotel dining rooms, admissions, and possibly cigarettes, to boost the coffers of the Town of Virginia Beach appears to be the only solution, to problems that have long plagued this resort town.

The problems stem from the fact that a town of 5,000 people is expected to provide services for a summer population that rises to 75,000 people at times of peak loads . . . police, firemen, sanitation needs, street cleaning, garbage disposal, and a multitude of other services. In addition to this, there is need, since we advertise to draw people to our beach, to provide one that is clean and orderly.

To confound the best thinking of the town's officials and residents, Nature has taken a hand in the matter by tearing down, almost as rapidly as it can be repaired, the boardwalk which is one of the attractions that brings people to Virginia Beach, and washing away the sand beach, without which the bathing facilities are useless. It is a tough problem any way you look at it for the Town.

Real estate taxes at Virginia Beach are not high in dollar figures, but upon an assessed valuation that has been doubled within the past two years the resultant tax paid "ain't pay" by any means. The only other source of revenue to the Town is licenses on business, and these have reached a point where they cannot go higher without definite harm to business. Should merchant's licenses go higher, Virginia Beach business men will be put in a position where they are no longer able to compete with merchants outside the town's limits, where there are no similar license fees.

The proposed tax, which the Town has not yet spelled out in detail, appears to be the fairest approach for all concerned to raise money for the needs that could not otherwise be realized. Halting erosion, the new convention hall, advertising, and improved garbage collections will all be made possible by means of the tax. These things might mean the difference between a Virginia Beach that will continue to grow and prosper and a Virginia Beach that is a "has-been."

BWARE THE GREEK BEARING GIFTS

The Town's effort to secure from Princess Anne County a refund of some \$50,000 in tax monies paid to the county's general fund during the past two years probably will be in vain, if the feeling of the meeting is correctly interpreted. That the group would study the possibility of making some sort of an adjustment for future collections might stand a more favorable chance, for authorities are now seeking a ruling from the Attorney General of the State as to whether or not the county could put back the money in the Town under the general welfare clause.

The Town, in seeking restitution of what it considers tax money paid to the county on an unequal basis, pointed out these facts: That when the Town doubled its assessed valuation back in 1949 it did so in order to be able to sell general improvement bonds for necessary municipal improvements (a town may sell bonds up to 18 per cent of its assessed valuation); that the Town knew at the time that the 80 cent general fund tax on \$100 of assessed value paid by Town residents could not be reduced as were the Town's taxes; that a gentleman's agreement was entered into between county and town officials that the excess thus paid into the county's treasury would be returned to the town in one way or another. Town Manager Russell Hatchett, who made the appeal to the County Supervisors to return the money, said that this has not been done; the Supervisors did not deny it.

This is just one more event in a chain of events that should open the eyes of the people of Virginia Beach that dependence on the county and the ruling faction in the county bodes no good for the Town.

In this instance the townspeople blindly took the word of the town officials that everything was on the up-and-up.

It reminds one of the old story about the merchant who put his little two year old son on a table and told him to jump. When the youngster jumped, the father didn't catch the poor little tyke, "I'm just teaching him not to trust anyone; not even his own father," the man explained.

That is what Virginia Beach has been too long in learning. Trusting those who control the county has been a source of pain and grievance for many years. We must learn to examine with care their promises.

Army Medical Service Needs Specialists

Enlisted reservists in the Army Medical Service with any of ten military occupational specialties are needed immediately to fill positions in Army hospitals, the Virginia Military District announced recently.

The demand for additional medical personnel was created by the return of the wounded from Korea to the United States for hospitalization and treatment. The Army is asking for volunteers for the program.

Volunteers will be placed on ex-

tended active duty for 21 months or longer as required.

Enlisted men with the following military occupational specialties are needed: meat or dairy technician, pharmacist, sanitary technician, X-ray technician, medical technician, medical NCO, medical supply NCO, dental technician, surgical technician, and medical equipment maintenance technician.

Application forms may be obtained from the nearest Organized Reserve Corps Area Office or the Virginia Military District Headquarters, 900 North Lombardy Street, Richmond 20, Va.

Survival Under Atomic Attack

(Editor's Note: The information below is taken from the U. S. Government publication "Survival Under Atomic Attack." Other excerpts will follow each week.)

WHAT ARE YOUR CHANCES?

CLOSE TO THE EXPLOSION, YOUR CHANCES ARE ONLY ONE OUT OF TEN

If a modern A-bomb exploded without warning in the air over your home town tonight, your calculated chances of living through the raid would run something like this:

Should you happen to be one of the unlucky people right under the bomb, there is practically no hope of living through it. In fact, anywhere within one-half mile of the center of explosion, your chances of escaping are about 1 out of 10.

Beyond A HALF MILE, YOUR CHANCES OF SURVIVING INCREASE RAPIDLY

On the other hand, and this is the important point, from one-half to 1 mile away, you have a 50-50 chance.

From 1 to 1½ miles out, the odds that you will be killed are only 15 in 100.

And at points from 1½ to 2 miles away, deaths drop all the way down to only 2 or 3 out of each 100.

Beyond 2 miles, the explosion will cause practically no deaths at all.

INJURY BY RADIOACTIVITY DOES NOT NECESSARILY MEAN YOU ARE DOOMED TO DIE OR BE CRIPPLED

Naturally, your chances of being injured are far greater than your chances of being killed. But even injury by radioactivity does not mean that you will be left a cripple, or doomed to die an early death. Your chances of making a complete recovery are much the same as for everyday accidents. These estimates hold good for modern atomic bombs exploded without warning.

Thos. B. Wright Dies in Norfolk

Thomas B. Wright, 80, father of Mrs. C. F. Mears, of Bird Neck Point, died last Friday, January 19, in a Norfolk hospital. Mr. Wright was a native of Nanamond County, the son of Octavius Saunders and Cornelius W. Wright. He resided in Norfolk and Princess Anne County all of his life, and at the time of his death maintained residence on 11th Street, East Ocean View.

Funeral services were held on Sunday at the Oliver Funeral Home with the Rev. T. D. Wesley, pastor of the Lynnhaven Presbyterian Church, and the Rev. R. Allen Brown, pastor of the East Ocean View Presbyterian Church, officiating. Burial was in Elmwood Cemetery.

Pallbearers were William F. Hudgins, R. B. Kellam, Robert P. W. Baylor, Paul Hardin, H. L. Bright, and John B. Larsen.

High School News

4-H CLUB ENTERTAINS

The Oceana Senior 4-H Club entertained approximately a hundred club members, guests from Creeds and Kempsville 4-H clubs, sponsors, leaders, teachers and parents Wednesday night, January 16, in the Oceana High School gymnasium. Music for square dancing was furnished by a string band, with M. E. Gilbert calling figures.

During intermission, punch and cookies were served by Betty Godfrey, Aileen King and Barbara Rittenhouse from a table decorated with ivy and pink and white poinsettias.

Chaperones were Miss Jane Craig, home agent, Jack Brothers, assistant county agent, M. P. Strickler, principal, Mrs. J. W. Brinkley, club leader, and Mrs. W. E. Sandidge, club sponsor. Others were J. W. Brinkley, W. E. Sandidge, Mrs. E. F. Wright, Mr. and Mrs. F. W. Cox, Mr. and Mrs. W. Q. Greenham, Mrs. H. W. Packard, Mrs. W. D. Carson, Miss Maymie Stinette, Mrs. M. E. Gilbert, Miss June Lyon, and Mr. and Mrs. Bill Pichhardt.

STUDENT COUNCIL

At the last meeting of the Oceana Student Council, the members drew up the objectives for the year. Among these are: to establish a reception table in the main hall, frame a constitution, enforce an honor system, establish a better teacher-parent relationship, and improve the appearance and character of our school.

The Student Council officers met with those of Kempsville and Creeds on Tuesday, January 16. This meeting, and others to be

held, have as their aim the building of a better relationship between the high schools of the county.

MAGAZINE CAMPAIGN

Oceana High School plans to sponsor a magazine campaign within the next few days in an effort to raise money for various improvements.

The list of magazines on sale will consist of practically all of the literary and popular magazines in circulation and subscriptions will be sold at a low rate.

Students will visit homes, after school hours, soliciting the aid of all patrons. Prizes will be awarded to those who achieve much in salesmanship, and a grand prize will be awarded to the best salesman. In this way, students are not only helping their school but are receiving valuable training as well.

We hope everyone will subscribe to his favorite magazine through the school and help us go over the top in "salesmanship."

BASKETBALL

The Suffolk girls' journey to

Oceana tonight with a good record and high hopes. Their record is a loss by one point to Franklin last week. Oceana's highly able, however, can boast an even higher "no loss" record and have just as high hopes. Anyway you look at it, the game tonight with Suffolk should be a thriller.

The Cavaliers also meet the powerful Suffolk Red Raiders tonight. The boys will be trying to stop an attack that has netted the Suffolk boys better than fifty points per game thus far this season.

Last Friday night found Oceana fighting a strong Smithfield team. After some close scores, the Oceana girls pulled out in front by a 53 to 47 score. The boys were defeated by the strong Smithfield team 57 to 41. Marliou Shaffer starred for the girls while Johnson and Lackey led the scoring for Oceana.

On October 30, Brownie Troop 219 was divided into three troops, 219, 222 and 223. Troop No. 223 started out with four girls who had been Brownies last year and nine new members, whose ages range from 7 to 10 years. Since then the troop has swelled to sixteen members. Two of these girls were transferred from Oceana View.

Troop 223 held an investiture service November 13, at which time the nine new members were invested. This service was conducted by the four girls who were already Brownies, Charlene Bennett, Sue Johnson, Patricia Doogan and Emily Bonney. Mrs. Cornel Berry told the Brownie Story, giving the ideals and purpose of the Brownie Scout program in a form that can be understood by girls of this age. There were ten mothers present for the investiture service and refreshments were served by the girls.

The Brownies were hostesses to their mothers at another meeting on December 18. They presented their Christmas party and program, each girl taking part in singing, reading Christmas stories and telling about Christmas in other lands.

On December 21, the combined Brownie Troops of Virginia Beach decorated a Christmas tree for the birds in the yard of the Episcopal Parish House. They sang Christmas carols and Jean Baldwin, Scout Representative in Princess Anne County, told the story of

the Littlest Angel. The Troop contributed strings of popcorn for the tree.

Future plans for the Troop include the making of first aid kits, discussing safety with reference to future outdoor activity, pantomiming nursery rhymes and discussing the history of Girl Scouting, the founding by Juliette Low, and international friendship.

With the arrival of warm spring weather Troop activities will move out-of-doors, taking the form of

gardening and hikes. Mrs. Lewis E. Smith is leader, and Mrs. Floyd Jones is assistant leader of Brownie Troop No. 223, and invite parents to visit Troop meeting any Monday afternoon at 3:30 at the Community House—as a helper, observer or just plain "com'ny."

The State of Washington was named after George Washington and is the only state named after out-of-doors, taking the form of a president.

From where I sit... by Joe Marsh

Right Under Our Nose!

Sometime back, we got word from the Governor, asking if we wanted to use the State Fire Inspection Team—a group of experts they send around to communities to inspect public buildings.

We sent a letter saying: "Okay! Give us the once-over!" They came down, all right—last week.

After the inspection, we got their report. Came out pretty well, all told. Town Hall and the School were O.K. Post Office just needed more sandbuckets. In fact, everything got a clean bill of health, except—the Fire Station!

From where I sit, we volunteer firemen had just been too blamed busy keeping everyone else on the ball—and not realizing our own firehouse was not up to snuff. Like the man who worries so much about his neighbors—about whether they work hard enough, about whether they can really afford their new car, about their enjoying a temperate glass of beer—that he forgets to take a good critical look at himself now and then.

Col. J. C. Brady was appointed to assist Mr. Mapp as coordinator of civilian defense.

Radio Funds Asked
Mr. Mapp asked for sufficient money to purchase an auxiliary power unit for the police radio and to provide each of the nine volunteer fire departments in the county with radio equipment.

He said Norfolk has been designated as a "super target area" and it is vital that Princess Anne County civil defense units have the proper equipment to handle an emergency. He said 20 regional control centers are being set up in the county.

Square Dance at American Legion Club House Tonight

Jack Birch and his orchestra will play and Peck Gilbert will call figures for a square dance tonight which is being sponsored by the American Legion Auxiliary Unit No. 113. The dance will be held at the Legion Club House on Larkin Road beginning at 8 p.m. Proceeds will be used for rehabilitation and child welfare work.

Mrs. Charles Pelote, ways and means chairman, is in charge of the dance, and Mrs. E. C. Davis is ticket chairman. The public is invited and tickets may be purchased from Auxiliary members or at the door.

Informality is the order of the day for the barn dance, according to Mrs. J. M. Carter, who is president of the Auxiliary. She said that she has received many inquiries as to what to wear, and her best advice is "comfortable clothing is best. You know how strenuous square dancing can be."

The Little Creek Road at an approximate cost of \$45,000 was approved.

Card Party, Tea at Norfolk Navy 'Y' Next Wednesday

The second in a series of three card parties will be held by the Woman's Auxiliary to the Navy Young Men's Christian Association in Norfolk, on Wednesday, January 31, at 2 p.m.

Ten will follow the games at 4 o'clock. The president, Mrs. Guy H. Burrage, and Mrs. Lloyd Grove will pour tea, and coffee will be poured by Mrs. John I. Bryan and Mrs. James O'Keefe.

Mrs. E. E. Thomas, of Suffolk, will play during the tea hour.

The project of the auxiliary this year is the purchase of television sets for installation in the Navy Y building for the enjoyment of the enlisted personnel. These sets will cost approximately \$1,200 and the proceeds from the card parties will go toward this expense.

Tickets can be bought at the "Y", and no reservation is necessary. For any further information call Mrs. Jessica Dee, Bird Neck Point, Virginia Beach 2804-J.

Capt. Brawley Now Food Services Chief At Bolling AFB

Captain Joseph L. Brawley, 35, son of Mr. and Mrs. Henry J. Brawley, of Great Neck Road, London Bridge, has been reassigned as Chief of Food Services of Headquarters Command, USAF, at Bolling Air Force Base in Washington, D. C., according to an announcement by Brig. Gen. Morris J. Lee, commanding general of Headquarters Command USAF, at that base.

A veteran of nearly 17 years service, Captain Brawley first entered the service as an infantry private at Fort George G. Meade, Maryland, in October 1934. He attended the supply school there in 1935 and the cooks and bakers school in 1937. In 1942 he was graduated from the Officers Candidate School at Fort Lee, Va.

Going overseas in 1943, Captain Brawley served with Gen. George S. Patton's 3rd Army in the 2nd Armored Division through the Northern France and Rhine-land campaigns and in the Battle of the Bulge.

Returning to the states after 30 months overseas, he became commandant of the cooks and bakers school at Fort Meade. In 1947, Captain Brawley served a short tour of duty with the Army quartermaster corps in Alaska. Returning to the states, at attendance the advanced food service school, graduating in 1947 at Fort Lee, Va., and became an instructor there in 1948.

Prior to coming to Bolling AFB, Captain Brawley was stationed at Andrews Air Force Base, just outside Washington, D. C., where he and Mrs. Brawley, the former Maria Bisaha, of East Pittsburgh, Pa., and their three children are presently living.

Headaches and Heartaches Attend Amateur Plays--But Shows Good

by Elizabeth Sills

That a "policeman's lot is not a happy one" is a well established fact, thanks to Gilbert and Sullivan. The same might apply to another but unsung profession, which is in some ways comparable to police work. I refer to the overworked, abused and misunderstood director of an amateur play, and in particular of Mrs. Arthur Masury, director of the Little Theatre's forthcoming production of the comedy "Goodbye My Fanny" by Fay Kanin.

A fine cast is selected by the Casting Committee and the Director. Rehearsals are begun on the following night. Trouble does not come in showing itself. One part is reassigned by some one who suddenly has to move. Another is left vacant when Uncle Sam steps in and beckons. Another member leaves town. The parts are finally set and then the absences from rehearsals, with excuses, all of which are legitimate--or seem to be--begin.

The director is never absent, but then of course it's a full time job with her. The actors, on the

in a score of communities.

In addition to the local meeting, they will confer with Legionnaires from posts at Norfolk, Suffolk, Smithfield, Windsor, Great Bridge, Franklin, Holland, Courtland, Craddock, and Boykins.

While the discussions concern the entire Legion program, including such activities as rehabilitation, child welfare, membership, Americanism, and others, considerable attention is being given to plans for civilian defense, a Legion spokesman said. Only recently during a tour of Virginia cities, National Commander Eric Cooke, Jr., cited the crusade for all-out preparedness as No. 1 on the Legion program this year.

Conferences similar to the ones held in this area will likely follow in other Virginia districts.

Because of the terrific costs of the 1950 polio epidemic, more than 70 per cent of the 107 Virginia chapters of the National Foundation for Infantile Paralysis were without funds as the year ended.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of the Naval service.

Highest recorded temperature in the U. S. was at Death Valley, with local Legion representatives Calif., July 10, 1913--134 degrees.

other hand, have sick children, business appointments, club meetings, out-of-town guests, gripe, ailing mothers, and in the case of Navy members, sometimes even trips to far-off places, from which they arrive late for rehearsal, fresh from Bermuda, for instance, to be regarded with green eyes by fellow members of the cast, shivering in the northeast gale all day. This week the junior members of the cast have examinations. Next week two other members of the cast are taking time out for another show, a commitment made prior to this one. The following week it will be some one or something else.

The director, a versatile actress herself, plays all of the parts of all the absentees, in order that rehearsals may go as smoothly as possible, and hopes every night that a full cast may turn up. It seldom does, but then such is the lot of a director of non-professionals. It isn't just this cast, or just this group. It happens all the time, in all amateur groups, and the marvel of it is that the shows, or most of them are good.

"Goodbye My Fanny" is going to be good. A delightful, amusing and adult play to begin with, it has a cast that, when present, knows its lines and takes itself seriously. Jane LaGiglia, Comdr. James Ellison and Lt. John P. Martin have the leading roles, and in the supporting cast are Conrad Little, Pete Bugley, Barbara Earl, Barbara Trant, Elizabeth Sills, Buddy Uley, Edgar Parker, Manuella Chambers, Anne Donahoe, Anne Jordan, Katharine Manby, Mary Louise Peck, Allen Tyler, Frank W. Israel, Sam Foote and Mary.

MARCH OF DIMES BENEFIT

Our Community House will present two great shows in February, both for the March of Dimes. First, the Teen-Agers will present "Sweet Sally Brown," a comedy by Charlie Bailey, on February 8. This play has an all-girl cast, and twelve of our young ladies will go all out to give you a real treat.

On February 9, a boxing program will take place—all Navy contenders. We are told this affair will be equally as good, if not better, than the one staged last year, and last year we had to turn many away due to our seating capacity of five hundred.

Remember the cause—and let's make both shows big affairs.

Respectfully,
Wm. H. Fantone, Director

Why is George Vakos staying home so much? Is he love sick? What are all the sobs about? Could it be because Bessie and Bobby's boyfriends are leaving for a six months cruise?

Who is it Vernon Ruth, Phil or Buddy?

We hope that Buddy Riggs will be back with us soon, don't we?

Bunny?

Well, we certainly have regained our color since exams are over. Right kids?

What is this new romance with Gretchen and Frank? We hear that he is stationed in Norfolk.

We hear that Bobby and Patzy are going steady, but what about his going up to Richmond last week-end. Huh, Patzy?

Who could Shirley's new name be? It's a shame she won't tell. Have you heard that Ray Everton is going to put a taxi sign in his car?

We are sorry that Earl Stratlin had to leave for New York, aren't we, Becky?

We are sorry that Billy and Carol broke up. We hope that we hear better later on.

W. T. Cooke School News

Third Graders Visit Dairy Farm

The children in one of the third grade rooms at Willoughby T. Cooke School have been studying a unit on foods. They have read and talked a great deal about dairy products and some of them suggested a visit to a dairy to see the cows and how they were milked. They also wished to see the machinery which bottled and capped the milk, the color, the homogenizer, and the way in which it was pasteurized.

Seven mothers and one father came with cars January 11, at 1:30, to transport the forty children to Bayville Farms. Many of the children know very little about farm life and they learned a great deal from the trip. Mr. Twiford, at Bayville, was quite patient with the children and they were filled to the brim with questions on their return.

A very lively discussion took place at school the next day as a result of the trip. Also the children made sentences for their dairy poster, and each one wrote a paragraph about the trip or about dairy products.

Miss Pauline Myers is the teacher of this group.

Many new faces have appeared in our room this month. Joyce McCoy, Michael Fairless, Swift, Lipecomb, King Cox, Geraldine Warner, and Harry Smithson have come to us from other schools.

Lee Program in Assembly

Mrs. DuVal's sixth grade will conduct the assembly program on Friday, January 19. Since it is Lee's birthday, the program will be a discussion, followed by a quiz in which each grade will be represented. The girls in the class will do a wand drill and will use Washington and Lee colors.

The class will sing "Robert E. Lee" in closing.

Chapel Program

"Show Business" was the theme on which Miss Sara Squires' 6th grade class based their chapel program last Friday, January 12. The Glee Club and Band members, who are in this room, were responsible for the major portion of the program. A boy's quartet, composed of Bailey Switzer, George Oulette, Bill Morgan, and Fella Edwards, sang "You Tell Me Your Dreams" and "By the Light of the Silvery Moon" in true "barbershop" style.

Coke Students on Television

Two members of W. T. Cooke School have been on television programs lately. Brenda Brown, a 5th grader, appearing on the Chrysler Amateur Hour Wednesday, January 10, sang, "I Didn't Know the Gun was Loaded." Dolores Lancy, also a 5th grader, was a guest of the Animal Fair program on Monday, January 8. Showing her adopted dog to the television fans, she told the story "behind the adoption."

KEMPVILLE High School News

TEACHERS VISIT CENTER

Several teachers from Princess Anne County, with Mr. Owens, high school supervisor; Mr. Littleton, principal; and Mrs. Thompson, elementary librarian, had a most inspiring and educational visit to the Norfolk County Teaching Materials Library on Thursday, January 11. Mr. Davis, general supervisor for the Norfolk County Schools, showed a film demonstrating a functional science class in the secondary school.

Many science projects were seen as well as the latest addition to the Center, the Museum. This was the first group to visit the Museum.

The teachers from Kempville were Fred M. Allen, Mrs. Edwin Charles, Miss Helen Ashworth,

and Horace Copley.

DANCE HELD

The Kempville Senior 4-H Club held a pre-Christmas square dance in the Kempville gym, to which the Creeds and Owens Senior 4-H members were invited. Over 100 members attended. Puck Ollbert, of Virginia Beach, called figures and the music was furnished by a string orchestra.

The sym was decorated in 4-H colors—green and white. Refreshments were served upstairs in one of the class rooms where individual tables were set. The buffet table was decorated with Christmas greens and candles. Punch was served by Virginia Lee Holland. Other refreshments were cookies and candy. Those attending danced the Virginia Reel, Little Sue and the Grand March.

Chaperones for the dance were Mrs. F. R. Humphries, adult leader of the Kempville Senior 4-H Club; Mrs. Louise C. Lee, Senior Club sponsor; Mr. and Mrs. John L. Fisk; Mrs. Robert L. Res; and Mrs. L. A. Wright.

The club president, Alma Res, appointed the following dance committees: refreshment, hostess, clean-up, and entertainment.

Alma Res, Barbara Edwards, Barbara Scott, Barbara Willey, Jo Ann Thompson, Ernestine Wright, and Carolyn Norfleet acted as club hostesses.

Preceding the dance a leaders' trainer dance was held at the home of Ira Fisk. The purpose of

this dance was to teach the figures and dances to the club officers, hostesses, and those helping with the entertainment at the dance. Approximately 30 attended this dance. Chaperones were Mrs. John L. Fisk and Mrs. Louise C. Lee, sponsor.

FACULTY INTERVIEW

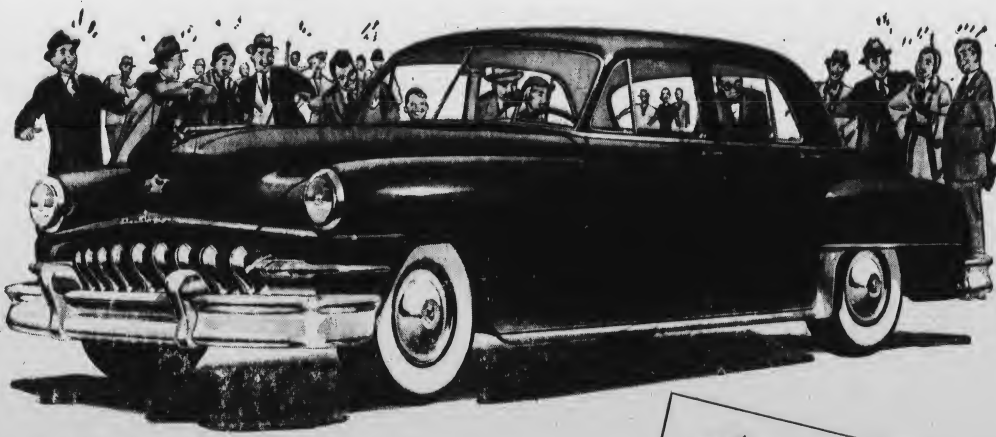

Mrs. Lee attended Madison College from which she received a B.S. degree. She majored in home economics and minored in English. Mrs. Lee prefers to teach English, and is now doing so. The only other school at which she has taught is Bayville, where she taught for one year. Mrs. Lee is sponsor of the 4-H Club and the Literary Club. She was so interested in 4-H Club work that she attended 4-H Club classes at Blackstone, where she took a short course in 4-H work.

Fruit and Vegetable Forecast Given for Year by Economists

Prices for apples out of storage early this year are expected to be about the same as those for the 1949 crop, but increased demand and a smaller 1951 crop probably will boost prices later in the year, say agricultural economists at V. P. I.

The peach crop is expected to be considerably larger than in 1950, and lower prices are forecast.

An 11 per cent increase in the commercial strawberry crop is expected, with prices approaching those of last year.

In general, the 1950-51 pack of dried fruits is smaller, and prices are expected to be a little higher. The canned fruit pack is about the same as last year, but prices may go up. Frozen fruits and juices probably will sell at near 1949-50 prices, except for citrus juices, which may sell for slightly less.

As for vegetables—processing demand should be good. Economists are advising a reduction in potato production. A fair share for Virginia, they say, would be about 45,000 acres. Prices for potatoes—which under existing legislation will not be supported this year—are expected to average about \$1.50 a bushel.

The outlook for sweet potatoes is good; and some increase in plantings in Virginia is in order if the potatoes are stored and put on the market during the late winter and spring.

Overall, food prices in 1951 may be from 10 to 15 per cent more than in 1950 if the same foods are bought. If consumers wish to live within the same food budget as in 1950 they will shift their purchases somewhat from the higher priced foods to those less affected by inflationary prices. These include foods from grains, processed milk products, the cheaper cuts of meats, and vegetables—particularly cabbage, potatoes, tomatoes, and beans.

Hog Production Continues Upward Trend in Virginia

The upward trend in hog production in Virginia is continuing, with an expected 8 per cent increase in the number of sows farrowing in the spring of 1951, says George C. Herring, animal husbandman at V. P. I.

Mr. Herring says the number of sows farrowing in Virginia has increased every year—from 61,000 head in 1945 to 104,000 head in 1950.

Although both pork and beef supplies will be larger in 1951 than in 1950, prices also are expected to average higher because of an "unusual demand for meat," Mr. Herring says. Good methods of pork production will pay off this year.

Mr. Herring sees some of the reasons for the upward trend as: high yields of corn in Virginia in recent years; the wide use of ladino clover, which is reducing production costs; and the excellent demand for meat.

The total pig crop in the United States in 1950 was 100,700,000 head—a 5 per cent increase over 1949, and the largest on record except for 1942 and 1943. An increase of 4 per cent over last year in the number of sows farrowing in the spring of 1951 is expected in the country as a whole.

The average case of polio in Virginia in 1950 has cost \$700—some will run as high as \$8,500 a year over a long period of time. An iron lung case costs \$25 a day to care for plus, in many instances, extra nursing.

Motor Vehicle Division Urges Early Application

With the 1951 period of registration for Virginia motorists closing sixty days away and the Division of Motor Vehicles preparing new license applications, officials today urged all Virginia motorists who have changed their addresses last year to notify the Division, furnishing the following information: new address, title number, make and motor number, 1950 license number and name as shown on the old registration card.

Change of address blanks may be secured from the Division's 110 license agents throughout the State and five branch offices located in some of the principal cities of the State.

"Each year," one Division of Motor Vehicles officials pointed out, "the Division is slowed down in processing the new applications and in serving the public promptly due to the fact that some Virginia motorists have not notified the Division of their change of address."

If a Virginia motorist plans an extended trip out of the State during the registration period, March 15 to April 15—there are fifteen days of grace between March 31 and April 15, midnight—he should have his correct forwarding address with some responsible person in order that he receive his registration cards and plates promptly.

Failure to notify the Division of change of address and the other information listed above works a hardship on the licensee and may cause him considerable inconvenience, especially if through failure to supply the correct address, he does not receive his application card in time to secure 1951 license plates before the deadline of April 15 midnight. Division officials said.

Magazines To Aid Forestry Educational Program in State

More than 2,500 copies of the magazine, "Virginia Forests," beginning with the first issue of 1951, will be distributed free to landowners, county officials, and other key people throughout Virginia. According to Wm. E. Cooper, executive secretary of Virginia Forests, Inc., "this is the beginning of an educational program aimed at reaching key individuals in each county of the State with a continuing, varied, and attractive forestry message."

"It is hoped," Mr. Cooper continued, "that these courtesy subscriptions will bring about a better understanding of the importance of our forests and woodlands as a source of raw material for our many wood using industries, as a source of recreation for the people of our State, and as a source of water for industries and people alike. It is hoped, too, that the readers will gain from time to time useful information that will help them in the better management of their own forests and woodlands."

The program is sponsored by Virginia Forests, Inc., a statewide association of industries, landowners, and interested citizens, in cooperation with forestry committees that have been established for every county in Virginia. Each committee has been given the responsibility of suggesting names to whom the one-year courtesy subscriptions will be sent. New names will be suggested each year so as to render an ever widening circle of influence.

The chairman of the forestry committee in Princess Anne County is S. B. Myers, of Virginia Beach.

Insurance Company Shows Big Gain

A gain of 18 per cent in the volume of life insurance protection written was shown during 1950 by the Norfolk agency of the Connecticut Mutual Life Insurance Company, of which D. Conrad Little is general agent.

The Connecticut Mutual's new business amounted to \$21,535,971—an increase of \$30,555,987 over 1949, according to a statement released by President Peter M. Fraser.

Fort Story Training Area for Reserve Units This Summer

A schedule for field training of Reserve units in Virginia for two-week periods between May 1 and September 15 recently released by the Virginia Military District includes the training at Fort Story of the 46th and 47th Transportation Amphibious Truck Companies from August 19 until September 2.

For the first time, all members of Reserve units to receive field training will be required to train with their units during the two-week period, unless excused by the Second Army Commander. Requests to be excused from training will be approved only under the "most compelling circumstances," according to a Second Army directive.

Twelve military installations in six states have been designated as training sites for 31 Reserve units. Sixteen other Reserve units will receive two weeks field training at points to be recommended by the Chief of the Virginia Military District.

Decentralization Of Industry Seen As Pressing Need

Movement of industry to rural areas to take advantage of off-season and surplus farm labor is pointed up as a "pressing need" in the nation's economy by Dr. J. L. Maxton, agricultural economist at V. P. I.

Dr. Maxton points out that about half the people living on farms are producing only about 10 per cent of the total farm output.

"Many industries should be decentralized and established in those rural areas of high population and low farm production... the great mass of workers should be recruited from near-by farm homes, thus eliminating the need for much home construction and wisely using available labor," he says.

Dr. Maxton says such a movement of industry would do more than anything else toward raising the standard of living in the group with the lowest standards.

He believes surveys should be made now to locate the areas with surplus farm workers and low production; and that decentralization of industry should begin immediately.

He says such action would be a boon to most county governments as a source of new and increased revenue; and "above all else, it would result in efficient use of labor and increase the output for both agriculture and industry."

"Maximum production at all times is the only acceptable answer for a higher living standard... the philosophy of restricted output to raise prices grew out of the depression of the 30's. It was unsound then and is doubly unsound now when full production is needed," Dr. Maxton said.

The first scheduled radio broadcast in history was on November 2, 1920 over KDKA, Pittsburgh.

Home Builders Urged to Begin Work At Once

Anyone in Princess Anne County desiring to build or modernize a home or other building is advised to start work at an early date, according to R. R. Taylor, local member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"There are three reasons for getting an early start," Mr. Taylor said. "In the first place, there is no reason to believe that materials prices or building costs will decline to any important extent in the months ahead. In fact, some increases are likely."

"Secondly, some essential building materials, notably those containing strategic metals, such as steel, copper and aluminum, are certain to be less plentiful from now on, owing to the large quantities being set aside for the rearmament program."

"Other materials probably will be in full supply, but some metal is required in building even the most modest new homes."

"In the third place, there always is the possibility that defense officials in Washington will decide to restrict construction of homes still further as a means of conserving materials for defense production. Should that happen, some local families who have good cause to build may face delays in obtaining the necessary approvals and in obtaining all of the required materials."

"Furthermore, there always is the possibility that mortgage credit restrictions will be tightened by the Federal government, in which case some families might find difficulty in meeting the higher downpayment requirements."

"Limitations on the use of copper and aluminum for construction and other civilian use already are in effect and the amount of steel for non-defense use also has been reduced, so that supplies of building materials containing those metals will be curtailed at an early date."

Virginia experienced in 1950 the worst polio epidemic in its history. There were 1,197 cases and 62 deaths in the state during the year from the disease. (Other years of high incidence: 667 in 1948 and 758 in 1944.) Wythe County, with 188 cases, including 17 deaths, was the hardest hit area in the nation during 1950.

time will come when we will be able to build and the money allocated to this phase of the program will be placed in a fund until the proper time. This convention hall could mean the difference between operating profitably all year, or closing, or operating near a break-even point in the off season," he asserted.

The town has promised more foot patrolmen on Atlantic Avenue and other "hot spots," and a cleaner beach than in the past. The town is going to use machinery to rake the beach clean each day and dispose of the refuse. These items will be paid for by the town, and will not come from tax funds.

Gallie Men's Club To Serve Dinner

A real spaghetti dinner—spaghetti, tossed salad, garlic bread, and all the trimmings—will be featured at the Gallie Men's Club dinner for the members of the congregation and their friends. The dinner will be cooked by the men, and served by them in the Haven, parish house of the church, on Wednesday, January 31, at 6:30 p.m.

Reservations may be made through members of the Men's Club or by calling Duane Taylor, who is in charge of the dinner arrangements.

Teen-Age Gets Appetite Back; Thanks HADACOL

HADACOL Supplies Vitamins B₁, B₂, Nicotin and Iron Which Her System Lacked.

According to Sara Loraine Beck, Box 253, Coker, Alabama, when a person is only 15 years old and feels terrible, can't eat, sleep the way they should, it's mighty bad. That is the way Loraine says she used to feel, but that was, of course, before she started taking HADACOL. Loraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B₁, B₂, Nicotin and Iron, which HADACOL contains.

Here is Loraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."
